Eisenhower Wins 2 More Delegates In Sixth District

Pledge to Support Whoever Is Nominated; Both Delegates Are Supporters of Ike Session Ends In Harmony as Delegates

The Republican Sixth District convention held in Sedalia Thursday afternoon was dominated by Gen. Dwight Eisenhower supporters. Victory was theirs as both delegates and alternates to the National Convention at Chicago, July 7, publicly announced themselves as followers of the general.

The convention adjourned in harmony after speakers of both factions pledged support to whomever becomes the presidential candidate.

The convention opened at 1:30 p. m. and continued for four hours.

The big delay came when a fight over the Greene County delegation

powers of voting arose. This scrap developed after a contest between George H. Miller, Sedalia, and Tom Douglas, Bolivar, in which Miller was named temporary chairman.

The first order of business was the appointing of the resolution, rules and order, and credential committees. T. H. Hout of Sedalia moved the chairman be empowered to appoint three delegates from each county, one on each committee. Douglas offered an amendment to the motion to let each county name the three from its own delegation and this passed.

Studer Heads Committee
Mayor Herb Studer was appointed chairman of resolutions; Tom Douglas, chairman on rules and order; and Sam McClure, Warrensburg chairman of credentials. Mr. Curtis of Springfield, an Eisenhower follower, then moved the convention release Greene County delegates from the unit rule imposed recently at their county meeting.

Carl G. Schader of Sedalia moved the motion was out-of-order. He quickly was followed by Arch Bay, Greene County chairman, who said that "more voted in the County Convention than were present" and told of the attack on the Greene County Republicans over the convention by the Springfield press. He then exhibited in his hand a roll of papers which he said contained the names of the delegates.

After long discussion chairman Miller then called for a vote on the motion to break the rule. It carried 63 to 51.

After a short recess committees gave their reports. The Resolution Committee report was read by Mayor Studer which returned two resolutions. One in effect resolved the differences in opinion shall in no way prevent a united determination to work long in the cause of good government and to work diligently toward the election of a Republican President in November. The second was the district convention would endorse no candidate or candidates for either state or national office, including state and national committee members.

One Vote Denied
The Credentials Committee denied one vote of the Greene County delegation, that of Frank T. Leaming, a former Sedalia, who held a proxy. It was explained the proxy was that of a member of the delegation who was present.

The election of the delegates followed with Sam Hackney of Bolivar County nominating Arch Bay, Mayor Studer seconded it. Bay then declared himself as an Eisenhower supporter.

Everett Seal, Nevada, nominated Clyde Seal, Vernon County Chairman. Fred Shaw, Bates County, seconded it. Seal also declared himself as an Eisenhower follower.

A. G. Taubert, Warrensburg, nominated Wyatt Peck, Clinton, and this drew a second from Mrs. Carl Crome, Clinton. Peck said he would cast his first vote for Taft and for Eisenhower on the second.

Bay received 66 votes, Seaton 110 and Peck 55, resulting in the election of the two leaders.

Robnett nominated Mrs. Crome of Clinton as an alternate. Mrs. Myrtle Eavey of Harrisonville was nominated by Ray Shubert of Harrisonville; and Mrs. Don Reamer, Eldorado Springs, nominated by Reed Grainger of Stockton.

Mrs. Crome said she was a supporter of Taft, while Mrs. Eavey declared herself as an Eisenhower follower. Mr. Reamer spoke for the "no hard feelings" and pledged themselves to the support of the Republican party regardless of the outcome of the district convention.

Will Draft 610,000 Men In Next Year

Present Plans Call For Big Number Beginning July 1

WASHINGTON (AP)—A defense official said today present plans call for drafting 610,000 men during the 12 months beginning July 1 — or 136,400 more than this fiscal year.

Maj. Gen. E. C. Lynch, director of the defense manpower requirements division, said in an interview the draftees will help replace 1,080,000 men being released from active duty, and add 110,000 men to the armed forces to reach the 3,700,000 total President Truman has requested by July, 1953.

The remainder of the gap will be filled by 70,000 recalled reservists and an expected 520,000 enlistments and re-enlistments.

Lynch said the planned replacement and expansion picture may be changed some by congressional cuts now being considered in Defense Department appropriations.

Lynch said the department is trying to work out a new program for monthly draft calls. After September and until July, 1953, he said, the program would make the monthly calls as nearly equal as possible. Past calls have varied from 80,000 to 100,000 a month.

Tentative calls for July, August and September have been set at 31,000 a month.

Enlistments and re-enlistments over the past year indicate the Defense Department won't have too much trouble getting the proposed 20,000 men.

Between April 1, 1951, and March 31, 1952, the Air Force had about 300,000 re-enlistments and enlistments. Between March 1, 1951, and Feb. 29, 1952, the Navy had 230,000 Army and Marine Corps enlistments are not made public.

The 70,000 reservists scheduled for recall under this expansion and replacement program are about half Navy enlisted reservists who have had no prior active duty, Lynch said.

The releases planned for next year break down this way: 530,000 draftees, 230,000 reserves and national guardsmen, 520,000 regulars.

Will Drive Piling To Make Mo. River Change Back To Course

ST. JOSEPH, Mo. (AP)—About 1,000 pilings are to be driven across the north end of a new channel near here in the first step to divert the stream to its original channel.

The new channel was formed between Elwood and Wathena, Kan., during the flood.

Yesterday, holes washed in the pavement between Elwood and St. Joseph were being filled and the road probably will be open to limited traffic by the weekend.

However, any hopes of resuming normal highway traffic immediately between here and Atchison have been dropped with the announcement that at least 4,000 feet of highway 59 was torn up by the flood.

The Warsaw Truck and Tractor Co., was broken into some time Wednesday night or early Thursday morning by thieves who succeeded in getting \$75 from the company safe.

The discovery by Arnold Mecher and Herbert Hansen, employees, when they reported for work to open the business about 7 a. m. Thursday.

The thief or thieves apparently had experience in "safe cracking" as the safe was not damaged. Papers and drawers in the office were scattered about the room.

The business is owned and operated by K. N. Kiefer.

Sherriff Jack Reser, Warsaw, and State Trooper Glenn Means of the highway patrol were notified and are conducting an investigation.

Entrance to the place was gained through a window at the back of the building.

Los Angeles (AP)—America is headed for another million new homes in 1952. Federal Housing Administration Commissioner Franklin D. Richards said today.

Addressing a regional mortgage clinic, sponsored by the Mortgage Bankers Association of America, Richards said that 80,000 units were started in each of the first three months, "and although mortgage money is said to be tight, approximately the same volume of residential mortgages have been recorded as in the same period last year."

"I am confident that 1952 will prove to be a good home financing year," he said. "I believe my optimism is more realistic than the gloom of many mortgage bankers."

St. Joseph, Mo. (AP)—A grand jury here has indicted the Buchanan county auditor for mishandling public funds.

Five true bills returned yesterday charged William H. McCauley, 64, with failing to account for about \$450 in this year's accounts. The records for 1950 are also missing, the grand jury said.

McCauley, who has been county auditor for 12 years, pleaded innocent. Circuit court made a bond of \$5,000 for appearance Monday.

Believe Plane Was Burning Before Crash

Luxury Airliner, Lost Tuesday, Has 50 Dead In Jungle

BELEM, Brazil (AP)—Aerial rescue teams reported last night a luxurious Pan American airliner apparently was burning even before it crashed Tuesday in dense Brazilian jungle. Their leaders wrote off as dead all 50 persons the plane carried.

Maj. Richard Olney ordered his U. S. Air Force rescue unit from Puerto Rico to end its mission without parachuting to the site or trying to recover the bodies because it would endanger the lives of the rescuers.

A Brazilian Air Force Catalina—a flying-boat patrol plane—planned, however, to land Brazilian medical rescue corpsmen on a river about 40 miles from the scene today in the hope they could hack through the nearly impenetrable growths.

The airliner's crew of nine and 10 of the 41 passengers were Americans.

The airliner—making one of Pan American World Airways "El Presidente" trips from South America—took off from Rio de Janeiro shortly after dark Monday for a 12-hour night flight to Port of Spain, Trinidad, its only remaining stop before New York.

The plane reported by radio that all was well as it passed west of Barbours, a mid-Brazilian town, shortly after midnight. The wreckage was discovered less than an hour's flight beyond the position given in its final report.

Observers with powerful glasses circled the wreckage at low altitude and offered the opinion the plane—named the Clipper Good Hope—had exploded at low altitude.

Parts of the motors of the powerful, four-engined Stratocruiser—a double-decked passenger development from the B-29 bomber—were scattered a quarter of a mile apart. Charred chunks of wreckage were strewn for half a mile over both sides of a ridge.

No trees were broken, as would have been done by a plane trying to pancake into a jungle landing.

A vast air hunt, spreading over 320,000 square miles of jungle, went on for 48 hours before a Pan American pilot, Capt. Jim Kowling of Miami, Fla., sighted the wreckage. The wreck was almost hidden among the dense foliage.

Explaining his order calling off the U. S. Air Force attempt to recover the bodies, Olney said the rescue unit is authorized "to use it equipment to save lives until it has been determined beyond doubt that no survivors exist."

Stewart Brown, Pan American chief mechanic at Belém, and U. S. Air Force Capt. Robert Metzger scanned the wreckage and agreed with Olney's opinion there were no survivors.

Twenty-seven planes from the U. S. Air Force and Navy, the Brazilian Air Force and commercial lines took part in the search.

American paramedics, doctors and medical corpsmen trained for parachute rescues—had been flown from Puerto Rico for a possible drop to help survivors.

The dead crew was captured by Albert Grossarth, 36, of La Grange Park, Ill., and the passengers included several U. S. and Latin American businessmen and South American government officials.

6. In Salem, Ore., Gov. Douglas McKay, an Eisenhower man, said Taft backers are trying to pull a "political trick." He said they put up eight candidates for the state's 18 GOP delegate posts without naming the nominee—a candidate they support. Oregon delegates traditionally are bound by results of the primary. McKay said the state of eight was filed under a little-known 1905 law in an attempt to "disregard the choice of the people."

7. Indiana Republicans formally approved advancing the state nominating convention from July 3 to June 7, just six days after Eisenhower is expected back. The move was interpreted as a victory for Taft backers.

8. Taft and Eisenhower will share Nevada's 12-vote GOP delegation — about six-six, the way leaders figure it — but the Democrats' 10-vote state seems likely to be unstructured. State conventions will name both on May 10.

Two parties in the government, the Free Democrats and the German Party, have served notice they will not approve the peace contract in its present form. Allied sources said they take a serious view of the split in Adenauer's coalition government on this issue, which may endanger ratification of the contract and companion treaty for establishment of a European army.

The West hopes to sign both before the end of this month. But the Allied sources said the West would make no more concessions to the West Germans on the peace contract.

There was no indication of whether this issue was touched upon in the Adenauer-Eisenhower conversations.

Sunday School Lesson...

Godliness in Daily Life
By William E. Gilroy, D. D.

When we speak of a man as being "a godly man," what do we mean?

We are sure that he is essentially a reverent man, with a true sense of holiness. We know that he would not take the name of God in vain, as so many today do, in careless, casual conversation, or in deep, intended oaths. He is probably a good churchman, who goes to church regularly, who manifests good moral living, and who is outwardly correct in ritual observances, and in the conventional requirements of the religion he professes.

But is that all there is to godliness? We know from very high authority that it is not.

We have the story of the rich young man, who came to Jesus, inquiring how he might inherit eternal life (Mark 10:17-22). He was probably more correct in his way of life than even most men of conventional goodness. Yet he lacked the one most essential thing. "Where your treasure is," said Jesus, "there will your heart be also" (Matthew 6:21). And when we hear that there is your religion, no matter how much you profess, that it is elsewhere.

The young man's supreme attachment was to his great possessions, which in his ultimate decision he chose rather than companionship with Jesus, and the possibility of becoming the twelfth Apostle, when Judas Iscariot failed.

The average man is not likely to be faced with any such crucial decision but the story emphasizes the first deep essential of godliness, which is the acceptance of God as the treasure of the heart. But neither is this all there is to godliness. Choice and the treasure of the heart are the roots of true religion, the beginning of godliness, but godliness consists in what comes after.

When one reads with insight the account of the early Christian Church, in the New Testament, and especially in the Epistles, an apparent and surprising discovery is that so many accepted God and the Christian way, without any clear apprehension of all that it meant.

For those of that early Christian time, and for loveless, professing Christians of today, the Beloved Apostle leaves no doubt about godliness in daily life.

His plain, strong words are: "If a man love not his brother whom he hath seen, how can he love God whom he has not seen?" "If a man say, I love God, and hate his brother, he is a liar; for he that loveth not his brother whom he hath seen, how can he love God whom he has not seen?" (1 John 4:20).

What would John say of our world of today, in which there is so much of "lip service" and so little brotherly love?

Christian Church Launches 10-Year Advance Program

SPRINGFIELD, Mo.—Over 100 ministers, laymen and laywomen from 31 sections of the state registered for the 112th annual Missouri Convention of the Disciples of Christ (Christian Churches) at Central Christian Church last week.

A major action of the four-day assembly was the launching of a ten-year program of advance which calls for the recruitment of 400 youth for the ministry, an annual 10 per cent increase in resident membership, a 100 per cent increase in the number of officers and proportionate growth and many other goals.

Dean Seth W. Slaughter of the Bible College of Missouri, Columbia, was elected president of the 1953 convention which was voted to be held at Hannibal.

Other elected convention officers are: the Rev. Edwin G. Michael, minister of the South Joplin Christian Church, Joplin, first vice-president; Mrs. Ted Bartlett, Amity, second vice-president; the Rev. Harry Baker Adams, minister at Bonne Terre, secretary; and I. O. Royce, St. Louis, treasurer. Members-at-large of the executive committee are Mrs. Milton Duvall, Clarksville, and N. P. Limbaugh, Nevada.

Family Night Sunday At Dresden Church
Family night services will be held at the Dresden Methodist Church Sunday evening, May 4, at 6:30 p. m.

Childhood Sunday will be observed, Mrs. Elmer Rhine will be in charge and Mrs. N. W. Dorrance is responsible for the special music.

Coming Home On Leave
Paul Shoemaker, recently inducted into the Marine Corps, has finished his basic training at San Diego, Calif., and is coming home on leave after which Mrs. Shoemaker, who has been staying with her parents, Mr. and Mrs. John J. Lyon, 1605 West 14th, will return with him to California where he will be stationed at Roscoe for further training.

Methodists Get Plan to Combine Several Boards

SAN FRANCISCO (AP)—A proposal to create two new commissions to strip away overlapping activities of half a dozen boards comes before the Methodist General Conference for debate today.

The proposal is contained in the third report of a committee seeking areas of agreement on the controversial survey on streamlining church structure. However, instead of cutting the number of boards in half and reducing personnel, as recommended in the survey, the compromise proposal sets up additional agencies.

Opponents of the survey report

Kent Memorial Evangelical Lutheran Church, the new church building of the Hegricane Deck community, located 24 miles south of Versailles on Highway 5, was dedicated last Sunday.

The chief speaker for the dedication service in the morning was Dr. R. H. Gerberding, New York City, executive secretary of the board of The United Lutheran Church in America, with which Kent Memorial is affiliated.

Officials of the synod of Kansas and adjacent states of The United Lutheran Church, also participated in the service.

The dedication day observance at Kent Memorial was concluded following a Vesper Service with a reception and social hour in the basement of the new building.

Kent Memorial Evangelical Lutheran Church has an unusual history, and a unique architecture which adapts it well to its location, overlooking the Lake of the Ozarks.

A tragic event is part of that history. On Feb. 10, 1949, the newly built home of Mr. and Mrs. Harry Zimmerman and family was completely destroyed by fire on the first night that it was occupied. The 12-year-old Kent, one of the three sons in the family, lost his life in the fire and Mr. Zimmerman suffered severe burns which hospitalized him for some time.

It is on the site of this tragedy that the church now stands, the acreage being given by the Zimmermans, and the church is named in memory of Kent.

Development of events leading to the establishment of the Kent Memorial Church was accelerated by the help and interest of a major denomination, The United Lutheran Church in America, through the Synod of Kansas and Adjacent States. In the summer of 1950 the Kansas Synod made a religious survey of the area with encouraging results.

On Sept. 28, 1950, a meeting of interested and concerned people of the Hurricane Deck area was held under the leadership of Rev. Calvin J. Naugle, Kansas City, chairman of the home missions committee of the Kansas Synod. It was unanimously decided to proceed at once in securing pledges of cash and labor for the erection of a suitable church building. A temporary church council was elected.

Ground-breaking ceremonies were held early in 1951, and the cornerstone was laid April 22. Practically every one in the community helped to build the church. Construction of the building is now complete. It is built of native stone, with the interior of pine, cedar and native oak. Among the unusual features of Kent Memorial are a stone altar, custom-built cedar pews and large view windows facing the Lake of the Ozarks. The church is modern throughout.

Harry Zimmerman served as the designer and also as superintendent of construction. The church council included: C. C. Dennison, Harry Zimmerman, Mrs. Arthur Laddings, Jack Grieshammer, Jack Sanders and Jake Drake. Mrs. Coy Ellis is secretary.

who oppose any change in the structure of the church, were quick to point out when the compromise proposal was submitted last night: "The overall structure of existing boards remains exactly as it is."

Maplewood Better Homes Club Entertains Other Clubs With Tea

The National Home Demonstration Tea given by the Maplewood Better Homes Club for the presidents and members of the Pettis County Extension Clubs at Maplewood Hall Thursday afternoon was largely attended.

The guests were welcomed at the door by members of the Maplewood Club and then looked at the exhibits which included hobbies, antiques, needlework and a history of the club.

Mrs. Howard Turner, president of the Maplewood Club, presented the following program in two parts:

Mrs. Donald Donath played two violin solos, "Old Refrain" and "Adoration" with Mrs. Fred Handley as accompanist.

Mrs. Walter Banning gave a talk on "The Merits of Extension Club Work."

Miss Alice Rissler sang, "I Love Life" with her sister, Mrs. John Rundlett as the accompanist.

The second part of the program was a preview of fashions cleverly presented by members of the club. The scene was in the living room of a modern room and on each

side was a large picture frame. In the frame was Jane, Mrs. William Williams Jr., and in the other frame, which had just been brought down from the attic was grandmother Mrs. William Williams. The women in the pictures talked over the changes that had taken place through the years. The picture of Jane explained to the picture of grandmother about various clothes the members of the family wore. Anklets, jeans, materials used in dresses such as rayon, nylon and others. It all was strange to grandmother and when the bridge club arrived she pondered on how they got their short hair curled on a poker and they looked like their faces were painted. Jane explained that, too.

Members of the family were: Mrs. Emil Kasak; son, Karl Karak; younger daughters, Priscilla Ellis; older daughter, Ann Heffernan and the bridge club members Mrs. James Ellis, Mrs. John Kelly and Mrs. Howard Turner.

Then grandmother told of the tea she had given in 1890 and some of the guests at the tea she named came in in the costumes of that day carrying their dainty little tea cups. They were Mrs. Carl Landes, Mrs. Ed Heffernan, Mrs. J. W. Rissler Jr., Mrs. Norman Arnold and Mrs. James Ellis. Following the program guests were served from the lace covered tea table which was centered with an arrangement of apple blossoms on either side of which were lighted pink tapers. Pouring were Mrs. William Williams Sr. and Mrs. Ed Heffernan dressed in their costumes of 1890.

Women's Guild Studies 'Quiet Home' Thursday

"In Every Quiet Home" was the theme of the program Thursday afternoon before a meeting of the Women's Guild of the Immanuel Evangelical and Reformed Church.

A playlet depicted a visit by Mrs. Caring in the home of Mrs. Calm. Mrs. Caring, nervous and frustrated and at her wits end, visits Mrs. Calm and asks her for advice in the rearing of her children. Through conversation and the incidents that take place in the Calm home during the visit, she is able to see how she can improve conditions in her own home. Taking part were: Mrs. Elmer Maune, Mrs. Ernest Liebel, Mrs. Roger Hill and Mrs. Harry Nagel.

Mrs. Harold Tomlin led the worship. Mrs. John Griessen, Christian citizenship chairman, urged vigilance during this year's election. She warned "That ignorance defeats both Christianity and democracy."

In a word puzzle contest on Latin-American countries, conducted in April by Mrs. Fred Kueck, missionary chairman, awards were given to Mrs. William Schwerner, Mrs. Michael Wafel, Mrs. Hubert Smith, Mrs. Roy Liernan and Mrs. John Griessen.

Mrs. Kueck introduced Delta Mae Blaue who spoke on "The Mission in Ecuador, World Neighborhood of the Business Circle."

The business sessions were presided over by Mrs. Hubert Smith. Mrs. Marion Latham was appointed leader of the Ruth Circle following the resignation of Mrs. T. J. Flessa.

The mother-daughter banquet sponsored annually by the Dorcas Circle will be held at 6:30 p. m. May 7.

Mrs. White Again Heads B&PW Club

The annual election of officers and observance of National Music Week highlighted the activities of the Business and Professional Womens club Thursday at their May dinner meeting in the Ambassador Room of the Hotel B&W.

Miss Eva Evans, chairman of the nominating committee presented the following slate of officers, which was elected unanimously, there being no further nominations from the floor.

Mrs. Everett White, was re-elected president for the ensuing year. Other officers are: first vice-president, Mrs. J. F. Schumacher; second vice-president, Mrs. Thelma Cook; secretary, Miss Doris Stott; treasurer, Miss Mary Ellen Merrill; historian, Miss Erma Farn; parliamentarian, Miss Hazel Palmer; auditor, Miss Emilie Brunjes; chaplain, Mrs. Lena Boothe; sergeant-at-arms, Miss Georgia Gokaris; custodian, Miss Anna Marie Raines; director, Mrs. N. L. Nelson. Assisting Miss Evans on the nominating committee were Miss Lois Fricke and Miss Freda Mueller.

The program observing National Music Week was presented by Mrs. Donald Donath, co-chairman with Mrs. Nellie Monegan, assisted by Miss Eugenia Arnold, Mrs. Atwill Bohling, Mrs. Mildred Brackman, Mrs. Frank Evans, Miss Christine Landmann, Mrs. Cecil Peoples, Miss Irene Ritchey, Miss Doris Stott and Mrs. E. F. Yancey. The music was directed by Miss Geraldine Teufel, music director of South-Cotton High School.

Miss Teufel presented the mixed chorus of the high school in an outstanding series of choral numbers and solos, some of which the mixed chorus has prepared for the music contests to be held next week at the University of Missouri.

The chorus was heard in the following selections: three Fred Waring arrangements, "Where in the World, but in America?", "Give Me Your Tired, Your Poor," (from the words carved on the Statue of Liberty), and "The Holy City," a spiritual composed by Will James of Springfield, Mo., "Dark Waters," and a spiritual in a different style, "Gospel Boogie," with the solo by Miss Alberta Lane. Miss Marge Cummins sang as a solo, the Franz Schubert "Ave Maria," and a novelty feature of the program was

"Country Style" by the entire choral group.

Mrs. Donath then introduced Mrs. Al Miles, who gave a very interesting story of "The Origin of National Music Week" which

"Country Style" by the entire choral group.

Mrs. Donath then introduced Mrs. Al Miles, who gave a very interesting story of "The Origin of National Music Week" which

started after an article appeared in "Music Trade in Review" by the editor Mr. Tremaine. Four years later, 150 cities and towns throughout the United States were observing this annual event, which has finally culminated in a national committee headed by the president of the United States, with the governors of 48 states, with the first week in May being devoted to the music programs throughout the nation.

Highlights of the Missouri Federation of BPW clubs state convention, held in St. Louis, April 19-21, were given by Mrs. Everett White, Mrs. Jean F. Schumacher and Mrs. Ike Warren. Miss Rose Leibbrand briefly presented the program of activities for the Missouri

Yanks Storm On Okinawa Today, No Opposition

NAHA, Okinawa (AP)—American troops today stormed the coral beaches of Okinawa in maneuvers. There was no enemy on the big Ryukyuan Island as there were seven years ago this month in the last big action of the Pacific war.

About 3,000 infantrymen hit the beaches at dawn to begin the war games.

Supporting them was a naval force led by the light cruiser Juneau and the carrier Princeton.

Swift jets and Navy carrier planes swept the beach in mock strafing runs.

Doughboys of the 29th Okinawa-based infantry regiment left their attack transports and headed toward the beach in landing craft.

The troops were grim, intent. But the show had its ludicrous side.

There were two shell collectors—a general and a colonel—who at the water's edge scant yards from the troops. They ignored the attackers.

The invasion had a two-fold purpose: To demonstrate to the troops the terrific fire power and support behind them in a landing, and to train troops for amphibious landings.

The Uffmans were represented by George H. Miller.

Bulgarian Vice Premier Dies After Long Illness

LONDON (AP)—Moscow radio reported today the death of Vladimir Popotomov, Bulgarian vice premier, former foreign minister and member of Bulgarian Communist Politburo.

The radio account said he died yesterday in Sofia after a long illness.

Popotomov was appointed foreign minister in January, 1950, and relieved of the job four months later. When he left the Foreign Ministry, he retained his post as one of several vice premiers and also remained on the Politburo.

Psychology on Dog Leads to Courtroom

DETROIT (AP)—A psychologist said he trained his dog from puppyhood "to make him well adjusted" with a "fighting temperament."

Ordinance Judge John D. Watts heard that yesterday, then ordered a psychiatric examination for Dan Bulkin, 31, subject of a woman neighbor's complaint that he set his dog on her dog and refused to halt the resulting battle.

No Yank Division At Home to Take Place of Koreans

WASHINGTON (AP)—Gen. J. Lawton Collins, Army chief of staff, declared today that the U. S. does not have a single regular Army division at home to replace or reinforce Korean forces.

Collins told the House armed services subcommittee there are in the U. S. now only two airborne divisions, one armed and four national guard infantry divisions.

Six American divisions are in Korea and two more in Japan. Five divisions, including one armored, are in Europe, he said.

Collins offered this as a reason for President Truman's order last month putting many national guardsmen on active duty for nine additional months.

In answer to a question, Collins said no more national guard units will be called up to supply individual replacements in Korea.

But, he said, the problem of maintaining the rotation program for Korean veterans is being hampered by lack of trained manpower.

The subcommittee is considering a bill to permit military authorities to keep national guard divisions on active duty for five years.

Highway 92, Washed Out by Flood, Will Be Open in Week

LEAVENWORTH, Kas. (AP)—Missouri highway No. 92, washed out in four places between Ft. Leavenworth and Beverly, Mo., by the Missouri River flood April 19, will be re-opened to one-way traffic in about a week, division maintenance engineer G. B. Majors announced today.

Conrad Claims Record Non-Stop Flight Time

NEW YORK (AP)—Songwriter Max Conrad today claimed the Los Angeles-New York non-stop speed record for light planes—24 hours and 54 minutes.

The 49-year-old tunesmith landed at LaGuardia Field yesterday after battling thunderstorms and headwinds during much of the 2,461-mile flight.

Official recording instruments carried in his Piper Pacer airplane will be taken to Washington for confirmation of the flying time.

Conrad, from Mirror Lake, Minn., is the father of 10 children. He is the composer of such songs as "Green Waters" and "Poor Kathalina."

Congressmen Swap Farm Books For Football Game Tickets?

WASHINGTON (AP)—A Brooklyn congressman named O'Toole has tried in vain to stamp out the temptation for his colleagues to swap farm year-books for football tickets.

His solution: Halt the free allocation to congressmen of the expensive Agriculture Department annuals which are in high demand in farm states but pretty slow sellers in Flatbush and Canarsie.

Rep. Donald L. O'Toole (D-N.Y.) told the House during debate on the Agriculture Department ap-

propriation bill Thursday that the year-books have become "a regular medium of exchange" at the Capitol. He said the latest quotations were 35 of the volumes for one ticket to the Army-Navy game, or 25 books for a brace of ducks to the Army-Notre Dame game.

The Agriculture Department appropriation set up funds to print 230,830 of the books, which are divided among members of Congress who in turn can send them along to constituents.

O'Toole moved to knock out a \$611,128 appropriation for the year-books and other informational activities.

After other farm-state members teed off on O'Toole, Rep. Jamie L. Whitten (D-Miss.) applied the crusher.

"Everybody at the Capitol knows you have to pay six to eight dollars for Army-Navy football tickets," he said. "When farm state congressmen will dig down in their own pockets to buy tickets to trade to the city fellows for these year-books to send to their constituents, it is a perfect indication of the merit of this program."

With a mighty shout, the House rejected O'Toole's amendment.

Move to Make Hurricane Dk. Bridge Free

VERSAILLES — At a special meeting of the Lake of the Ozark board of realtors, held at Camden-ton, plans were made for an all out effort to have the toll removed from the Hurricane Deck bridge on Highway 5 between Versailles and Camden-ton.

Congressman Morgan Moulder attended the meeting and outlined steps to be taken in attempting to free the bridge.

James H. Banner, state representative from Camden County, made a report on the preliminary steps already taken. Banner accepted the chairmanship of a state wide committee being formed to further the plan.

Vote for Park Motors

Persons voting in the parking meter election here last week gave a majority vote of 134 in favor of the meters. The vote was 555 for the retaining of the meters and 421 against. The votes were counted on Tuesday afternoon by W. B. Todd, H. V. Hunter and August Heinemann.

To Boys Girls State

Deirda Daniels, daughter of Mr. and Mrs. Charles Daniels and a junior in the Versailles High School, has been selected by the Auxiliary of the American Legion to attend Girls State to be held in William Wood College, Fulton, beginning June 22.

Jim Hall, son of Mr. and Mrs. Russell Hall and a junior in the Versailles High School, has been selected as Morgan County representative at Boys State, which convenes at Kemper Military Academy, Boonville, on June 14.

Mississippi Flood Threat Is Easing

ST. LOUIS (AP)—The Mississippi river flood threat eased today as the river fell slowly in the St. Louis area and army engineers in charge of the flood fight to the south reported "a couple of more days without rain and we'll be all right."

The river dropped one-tenth of a foot at St. Louis from its high point of 33.7 feet yesterday, and the crest appeared to be in the vicinity of Chester and Grand Tower, Ill.

The army engineers said a temporary levee protecting 2,600 acres of farm land near Grand Tower was high enough, but that it is soft from the prolonged high water and in danger of collapsing. The town itself is not in danger.

Predict Approval Of Mine Safety Law

WASHINGTON (AP)—Congressmen favoring mine safety legislation predicted today a House labor subcommittee will approve a compromise measure drafted by Rep. McConnell (R-Pa.).

Chairman Kelley (D-Pa.) called the nine-man subcommittee to put finishing touches on a bill designed to resolve a hot controversy between mine workers and operators' groups over federal power to close dangerous mines.

"I'm confident the subcommittee will clear it," Kelley said.

Kelley said the McConnell bill has been studied by representatives of the United Mine Workers and some mine owners' groups with virtual agreement reached.

Truman's Talk Of Ike Pleases General's Pals

WASHINGTON (P)—President Truman's statement that Gen. Dwight D. Eisenhower is as fine a man as ever walked brought a "thanks very much" reaction today from Republicans backing the general for the GOP presidential nomination.

"The President put it accurately and what he said will help our cause," said Sen. Morse of Oregon, an Eisenhower man.

In the wake of Truman's praise, however, came a demand from Sen. Green of Rhode Island, an administration supporter, that the general say publicly whether he favors a \$12 billion dollar cut in defense and foreign-aid spending as advocated by an Eisenhower-for-president leader, Sen. Carlson of Kansas.

Carlson told a reporter he was expressing "strictly my own views" in calling for the reduction in a Senate speech yesterday. But he added that on Wednesday he had mailed a copy of the speech to Eisenhower in Paris.

"I just thought he might be interested in my views," Carlson said.

At his news conference yesterday Truman was asked what he thought of a report that Eisenhower was a sick man. He is not anything of the kind, the President said. Then he added that Eisenhower is as fine a man as ever walked.

Eisenhower, the President said, is just beginning to find out what happens in politics, and the attacks on him now are mild.

While Morse and other Eisenhower supporters felt the President's praise would help their candidate, none of them doubted that Truman meant just what he said recently in declaring he plans to work as hard to elect a Democratic President as though he were running himself.

At the news conference, Truman said that if he should be nominated by the Democrats as their presidential candidate he would not run; he would say no.

There has been some talk in the party that Truman might accept a "draft" even though he announced March 29 he was out of the race.

Asked whether he would go as far as Gen. Sherman of Civil War fame and say he would not serve if elected, the President replied he could not be elected without accepting the nomination.

Shortly before Truman met with newsmen, Sen. Brian McMahon of Connecticut announced he is a candidate for the Democratic nomination. The President called McMahon qualified for the job, and added it looked like we are going to get some good candidates.

McMahon is the fifth Democrat to enter the race. The others are Sen. Estes Kefauver of Tennessee, Sen. Richard B. Russell of Georgia, Sen. Robert S. Kerr of Oklahoma and W. Averell Harriman, director of the Foreign Aid Program.

Plaque Awarded Helen Keller by Variety Clubs

LAS VEGAS, Nev. (P)—A plaque and \$1,000 was awarded to Helen Keller by Variety Clubs International at its annual meeting last night.

"A patient, courageous soul who with sightless eyes has given the world a new vision and with muted lips has put a song of hope in the hearts of men," reads the plaque, awarded for humanitarian service last year.

Miss Keller was not present and her award was accepted by M. Robert Barnett, executive director of the American Foundation for the Blind.

Britain Recruiting On 22 Year Basis

LONDON (P)—Britain is recruiting its military forces on a 22-year basis.

Enlistments, however, have a loophole under regulations which went into effect yesterday. Military personnel can drop out at the end of any three-year period by giving six months' notice.

For members of the Women's Royal Army Corps it is even easier. They can drop out anytime just by getting married.

'Mitty,' Chile President's Wife, Is 'American Mother'

SANTIAGO, Chile (P)—Senora "Mitty," the blonde, attractive first lady whose formal name is Rosa de Gonzalez Videla has held up her social end as the President's wife, and meanwhile carried on a half-dozen other time-consuming activities.

It was her dedication to her country's poor and underprivileged and especially the children that won Senora Mitty (that's what all Chileans call her) the first international award of the Committee of American Mothers.

There is almost no publicity attached to her work, she dislikes public attention and her secretaries say "she is almost afraid of the press and interviews." She arranged to travel to the United States to receive the award in New York next week "only because I consider it an honor due to Chile."

One of Senora Mitty's prime interests is the National Christmas Committee, started by the wife of

her predecessor some 10 years ago. This group gives Christmas gifts to the children of Chile's poor—427,000 toys last Christmas alone. But she has enlarged the scope of the committee to include practical gifts of warm clothes and shoes.

She's concerned about women's rights, too, and founded the Women's Office a couple of years ago.

"Chilean laws concerning women were backward," she explained, "and we have put through reforms which the times demanded."

Of all her projects, she admits the one closest to her heart is the Foundation of Emergency Dwellings. Housing is a problem in Chile which only 350,000 dwellings could house. Senora Mitty found many of the working people live in "mushroom communities" of rude shacks where people live in promiscuity, filth and utter poverty.

The object of the foundation is to find the most needy families and re-establish them in foundation built homes. So far there are five such settlements in Santiago and four others in other parts of the country.

At 43, she's a grandmother. Her two daughters are married and have five children. She dresses simply, preferring tailored clothes which best suit her active life. Busy though she is, she finds time to spend with her family.

The President of Chile cannot be elected for two terms consecutively, so Senora Gonzalez Videla will retire to private life following presidential elections in September. However, she plans to keep up her work with the emergency dwellings foundation, since this is a legal entity apart from the government.

Accidentally Shoots Wife, Kills Himself

KNOXVILLE, Tenn. (P)—A pistol twirling in the hand of a young man fired. The bullet struck his wife above the left eye.

Crying "I've killed my wife," 23-year-old Lynn Price knelt on the floor and put a fatal bullet through his own temple.

That was a week ago. Last night Mrs. Doris Johnson Price, 21, died. Two operations failed to save her life.

The couple's 22-month-old daughter died in January. A daughter three weeks old survives.

Penny-A-Week Policy Of King Pays Well

LONDON (P)—A penny-a-week insurance policy which the late King George VI took out as a just 24 years ago has netted his heirs nine pounds four shillings and three pence—the equivalent of \$25.87. The King had paid in a total of five pounds or \$14.

The Prudential Assurance Company, which had issued the policy to the then Duke of York when he toured its London offices in 1928, paid the amount yesterday to the executors of his estate. George had kept up the payments. When he first took it out he had to turn to his secretary and borrow the first penny.

Held For Forging His Own Death Certificate

KING'S LYNN, Eng. (P)—Pvt. Anthony Rose is being held for trial on a charge of forging his own death certificate.

Rose admitted yesterday he went home from the Army, fixed up the document to show he was dead and sent it to his commanding officer.

He said he just didn't like Army life.

Bar Correspondents From Truce Tents

PANMUNJOM, Korea (P)—Only a few minutes after Red guards stopped an Army photographer, Sgt. Edward Doyle Jr., from taking pictures of the Communist truce delegation, a Red photographer tried to snap Brig. Gen. William P. Uuckols briefing Allied correspondents.

An American military policeman ordered him away. The Communist stood on a chair and continued snapping pictures. The M. P. shook him off the chair.

The Communist picked up the chair and waved it over his head, then took a second look at the M. P. and set the chair down gently.

Security officers huddled briefly and agreed to bar correspondents and newsmen from approaching within hearing distance of the conference tent during meetings.

Commies Snub Jap Newsmen at Truce

PANMUNJOM, Korea. (P)—The Communists today snubbed Japanese newsmen on their first visit to the Korean truce talks.

Nine Japanese correspondents accredited to the United Nations Command, made their first trip to Panmunjom.

The Japanese newsmen said they were particularly interested in learning the attitude of the Communists in view of Moscow's recent friendly overtures to Japan.

But the Communists pointedly refused to talk to the Japanese.

While Doc Is Away, Termite Killers Find His \$95,000 Cache

LOS ANGELES (P)—While Dr. George D. Zorb, Los Angeles physician, was away on a vacation trip with his wife, his sister, Mrs. Marie O'Donnell, called in termite inspectors.

The termite men found \$95,000 in the attic of Dr. Zorb's home. His lawyer, Joseph Scott, said yesterday that the money, in bills of \$10 to \$100 denominations, has been deposited in a bank for safekeeping. The cache was discovered Feb. 18. The Zorbs are still out of the city.

Ship Chases Train, It Hides In Tunnel

TOKYO, (P)—Sailors aboard the American destroyer Duncan today said their ship was the first ever to chase a railroad train.

Comdr. Russell H. Smith, Brooklyn, skipper of the Duncan, said the train was spotted at night north of Hungnam of Korea's east coast.

The Duncan lit up the scene with star shells and the train piled on steam. The Duncan gave chase, firing heavy explosives.

"We just about had it pinpointed for the kill," Smith said, "when the engineer ducked into a tunnel and refused to come out again."

Old Hurlers Get Better As They Age

By JACK HAND
Associated Press Sports Writer
Dizzy Trout, Joe Dobson and Sid Hudson, like old wine, seem to improve with age. The old gaffers are teaching the new dogs some old tricks.

Trout Is Spectacular
Trout turned in a spectacular relief chore last night at Yankee Stadium, to stifle a New York Yankee rally. Rescuing Art Houtteman with men on first and third and nobody out, the 36-year-old Trout preserved a 5-4 Detroit victory.

Dobson Silences A's
Dobson, well past his 35th birthday, silenced the Philadelphia A's without a hit for 7 1/3 innings while pitching the Chicago White Sox to a 3-0 triumph.

Hudson Edges Lemon
Hudson, Washington's 34-year-old veteran, edged Cleveland's Bob Lemon, 2-1, in an exciting 13-inning battle at Griffith Stadium.

All in all, it was quite a night for the pipe-and-slippers set.

Browns Dump Sox
The kids had their fun yesterday, too. Those rollicking St. Louis Browns, after breaking even with the world champs in New York, bowled over the Boston Red Sox rookies, 6-1. Thus did Rogers Hornsby's upstarts, cellar tenants in '51, move within one game of the first place Red Sox.

Cubs Bump Browns
The Chicago Cubs, somewhat more mature than the Browns, continued to play like the spring sensations of the National as they humped off Brooklyn, 7-2. It took a trick of mathematics to keep the Cubs out of first place. Chicago, last in 1951, actually had a half game edge in the won-and-lost standings but Brooklyn held a 13-point percentage point edge, .727 to .714.

Hearn Hurls Great Win
Jim Hearn found the revamped Pittsburgh Pirates just as accommodating as his "cousins" of old as he pitched the New York Giants to a 13-5 romp. That made his lifetime count 14-2 over the Bucs.

Cards Are Humbled
Robin Roberts, the Phillies' youthful ace, racked his win No. 3 with home run help from Nippy Jones and Connie Ryan as he downed St. Louis, 6-3, with an eight-hitter.

Reds Save Victory
Cincinnati's Herman Wehmeier needed relief help from Frank Smith to put down a ninth-inning Boston uprising saving a 7-6 edge for the Reds.

Getting back to Yankee Stadium where 21,127 turned out for the first night game of the season, Houtteman had the Yanks at his mercy most of the night. Sloppy play by his mates cost him two in the eighth but he still was in control with a 5-3 edge. He suddenly lost his stuff in the ninth when three straight singles narrowed the gap to 5-4 with nobody out.

Gets Yanks 1-2-3
Trout strode in with Bob Cerv on third and pinch runner Artie Wilson on first. Down went the Yanks, one-two-three. When Phil Rizzuto grounded to shortstop Johnny Ligon, Cerv was easily cut down at the plate. Johnny Hopp fanned and Mickey Mantle ended the game by grounding to first.

Two Straight Homers
Vic Wertz was the big gun in the Tiger attack. Despite his sickly 191 he bashed successive two-run homers off Johnny Sain in the fourth and fifth innings to set up the Tiger triumph.

Dobson had a no-hitter going with one out in the eighth. Then rookie Skeeter Kell beat out a slow roller that shortstop Chico Carrasquel bobbled momentarily. The official scorer ruled it a hit on the theory that Kell would have beaten the throw to first. Old Joe retired the first 19 A's until he walked Elmer Valo with one out in the seventh. Right-handed Bob Hooper was the loser.

Duel Ends In 13th
Gil Coan's double and Frank Campos' single in the 13th broke up the duel between Hudson and Lemon at Griffith Stadium. Coan opened the 13th with his double. After Irv Noren popped out, rookie Campos from Cuba slashed a single to center that meant the ball game.

Wes Westrum's third-inning homer with two on was the big blow in a seven-run inning that knocked Mel Queen out of the majors. After he took his shower, Queen was handed a one-way ticket to Hollywood by General Manager Branch Rickey. Hank Thompson also homered for the Giants and Ralph Kiner hit his second of the year for the Pirates.

The ancient world made extensive use of a mixture of gold and silver which was called electrum.

Derby Excitement at Fever Height With 17 Hopefuls Already Signed

LOUISVILLE, Ky. (P)—Seventeen three-year old colts today were entered for the 78th Kentucky Derby to be run over the mile and one-quarter at Churchill Downs tomorrow.

When the name of Mrs. Marion DuPont Scott's Pintor was dropped into the entry box shortly before the 9 a. m. (CST) closing time the list was believed to be complete.

There was only one surprise among the entries, that of which were received yesterday. Ben Jones entered Calumet Farm's Top Blend as a running mate for the 7 to 5 favorite, Hill Gail. Top Blend won a six-furlong sprint at the Downs Monday in 1:11 4-5.

Hill Gail's name was the second in the entry box this morning, arriving shortly after Eddie Rice, agent for Jockey Gerald Porch, made C. V. Whitney's well-liked Cold Command, a definite starter.

Then within the next two and one-half hours followed Mrs. Gordon Gulbertson's California-owned Arroz, Eddie Burke's Swoop, an outsider which arrived from New York only yesterday; Top Blend; M. A. White's Eternal Moon also a rank outsider and finally Pintor. Missing, as expected, was Gift Silver—the little lowa-owned and a rank outsider and finally Pintor. Missing, as expected, was Gift Silver—the little lowa-owned and bred colt which had created much pre-dubry stir. Gift Silver which never had raced and never worked more than five-eighths of a mile, was withdrawn yesterday when a veterinarian decided the cut on his right foreleg had not healed sufficiently.

If all 17 go tomorrow the race will have a gross value of \$125,350 with a net of \$97,300 going to the winner. For each withdrawal subtract the starting fee of \$1,000. The usual excitement attendant to the entering of derby horses was lacking since 10, including A. W. Abbott's Blue Man, the second choice from Rye, N. Y., were entered over a 10-hour period yesterday.

Racing Secretary Lincoln Plant explained entries were received over a two-day period, instead of the usual one day, in an effort to avoid much last minute confusion.

In addition to Blue Man, the group included the New York combine of Jack Amiel's Count Flame and Master Fiddle from the M. J. Kelly Stable; Bayard Sharp's Delaware-owned Hannibal; Sam Wilson Jr.'s Gushing Oil, hope of Texas; Sub Fleet of Charles T. Fisher's Dixiana Farm and Four rank outsiders.

The lightly regarded entries numbered Happy Go Lucky, owned and trained by H. G. Beckman, a former ophthalmologist; Freeman Keyes Oke Schem of Chicago; Shag Tails from the barns of Milton Shagrir of Cleveland and W. C. Morris Brown Rambler.

Hubbard High Letters Awarded To 26 Athletes

Twenty-six athletes of the Hubbard High School were the honor guests at the annual Athletic Banquet sponsored by the Physical Education Department of the high school. It was a gala affair, high lighted by an inspiring address by Prof. C. H. Gooch, who spoke on the "Yester Year Events of Athletics at Hubbard."

Prof. Gooch put tremendous emphasis on his personal, cardinal principles of a good athlete. Presentation of the 26 letters was made by Ralph Lee, who spoke on "The Student's Future Outlook on Life."

Floyd Payne, co-captain of the football team and basketball team, spoke in behalf of the athletes and J. B. Hylick, principal of Hubbard, expressed his personal interest in physical education and why and how it has been greatly a part of his formal education. Remarks were also given by Charles Moten and Charles Anderson.

Following the banquet and presentations a dance was enjoyed in the high school gymnasium.

The Sports Roundup— Casey Explains Hit and Run And Then Run and Hit Play

NEW YORK (P)—The young sports writer had been ordered by his editor to find out if there existed any real difference between the hit-and-run play and the run-and-hit play in baseball, and if so, just wherein the difference lay. There was only one man to ask, of course, and he approached man-

ager Casey Stengel of the Yankees with the subliminal confidence of youth.

"Of course there's a difference—the difference in the world," Casey said decisively. "and I'll be happy to tell you what it is. You know, I'm not even supposed to be out here in front of the dugout while they (the St. Louis Browns) are practicing. Mustn't talk to the patrons, either, but that there's a good rule. Some guy gives you a big wave and he either turns out to be a gambler or some relative looking for a touch."

"Now, this here hit and run. You got the hit and run on the batter's got a choice where he wants to hit—wherever he sees an opening to push the ball through. I don't mind telling you I've had a pair could work it good. Rizzuto and Coleman. That fellow out there (Marty Marion) can do it, too. Learned it since he came to the big leagues. Watch that Hornsby look at my boys out of the corner of his eyes when they yell at his boy Kryhoski. He knows what's going on. They were all together in the Navy. That's what they're yellin' at him about. That catcher of his (Clint Courtney) is all right. I liked him, but I let Hornsby have him. He'll do all right if he doesn't get killed. He'll fight you. Of course, he doesn't always win. He ain't the champion, but he'll fight you."

"Look at that Satch Paige workin' out at second. I hear Rover's goin' to play him there next year. Same height as Marion, seven feet, and nobody'll be able to knock a ball over their infield. The run and hit, now, that's a lot different. It mostly depends on the count—say if the batter's got three balls on him. He's got to protect the runner. In that case I'll tell him where to hit it. There's others might do it different, but I tell him where to hit. Some players go all their lives and can't do either one. I ain't givin' away any secrets, either."

"This hit and run, it's a very, very useful play if you've got men on do it. So's the run and hit, but it's different, and a lot of people never learn the difference like I've been tellin' you. One of 'em you're tryin' to keep out of that double play, the other it's something else. See what I mean?"

The young sports writer, who had listened enthralled, looked at Casey a long moment and then shook his head in the affirmative. Casey, who likes to be helpful to the press, gave the youngster one of his justly famous winks, as though they alone shared a deep baseball secret, and eased himself down the dugout steps.

The Washington Merry-Go-Round Railroad Workers Stop Steel Wage Increase

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)

WASHINGTON—Last week end seizure was illegal. Suddenly the government to give the steelworkers a wage increase, regardless of the courts and whether the steel industry liked it or not. This was before Judge Pine's decision that

There Isn't Room for Both of Them

The railroad workers have now been operated under the government for about two years, Hughes reminded White House Counsel Murphy. If a wage increase is now granted to the steel workers after less than a month, with no wage increase granted to the Railroad Brotherhoods, then there would be real trouble among railroad labor.

In fact, Hughes intimated that it would be extremely difficult to prevent a strike—even against the government of the United States. White House counsel Murphy dashed back to the White House, stopped the proposed wage increase to the steelworkers. That was why John Steelman, who had been planning the increase, immediately got busy negotiating with the Railroad Brotherhoods.

"All Is Made For Love" Congressman Frank Boykin, the gentleman from Mobile, who preaches "everything is made for love" but who practices "everything is made for loans" is facing a tough re-election fight next Tuesday in Alabama.

Never before in Frank's long years of bear-hunting, turkey-shooting, coon-eating and getting family loans from the RFC has he appeared so worried about getting re-elected. Apparently, his record in Washington is becoming pretty well known among the folks back home.

At any rate, the Congressman is flooding Mobile with publicity, has peppered the countryside with billboards, is distributing advertising blotters, advertising every wheel and has hired a helicopter which, as he descends near the ground, starts the public by booming a jingle out over a loud-speaker entitled "Build with Boykin."

Frank seems to figure that if he will take a lot of jingling and heli-Co, which purchased lumber from Boykin. Later, three members of how he pulled wires to keep two

notorious tax chiselers, Joe Mitchell and Sam Rippes, out of jail; also to forget how he got a \$700,000 RFC loan for the Mobile Paper Company, after which he and his children turned up with 40 per cent interest in the company.

Apparently he also wants voters to forget about the \$300,000 RFC loan he got for the Shotts Lumber Co., which purchased lumber from Boykin. Later, three members of how he pulled wires to keep two

benefited from this loan, were indicted. Running against the "all is made for love" Congressman are two candidates:

1. Joe Thompson, former prosecuting attorney from Butler, Ala., with an A-1 record, who many people think really defeated Boykin in the last primary. Later a vote-fraud scandal showed that prostitutes and city machine ballot stuffers voted as often as 21 times as a result of which 16 ballot-box stuffers were given criminal sentences.

2. Ben Glover, who in many respects is a second edition of Boykin and recently split from the city machine. Peter Crolich, cafe operator, who got 18 months in jail plus a \$2,000 fine for vote frauds, is one of Glover's energetic backers.

Glover seems to have about as much money to spend on election publicity as Boykin and a lot of people are wondering first where the money is coming from, second whether they will have a replica of Boykin in Congress if Glover is elected.

Three Senators from Florida Sen. Spessard Holland of Florida may not know it, but his senatorial colleague from Florida, George Smathers, also a Democrat, made some quiet overtures to get ex-Sen. Claude Pepper to run against him in the current primary.

The overture came from Smathers' close friend, Dick Danner, who telephoned Pepper's close friend John Montgomery to say: "We want you to know that if Claude wants to run against Holland he could count on about 200 Smathers leaders to support him."

"How about some money also?" asked Montgomery.

"Well, there'd be some of that too," Danner replied. "We figure we'd better spend some money now than a lot more money four years from now if Pepper runs against Smathers."

He had reference to the fact that ex-Senator Pepper is considered one of the smartest vote-getters in Florida, even though he was defeated by Smathers two years ago.

This message was conveyed to Pepper by Montgomery, but Pepper decided not to run this year against Holland. He hasn't decided yet, however, whether he will run against Senator Smathers four years from now.

Capital News Capsules Fear of Kefauver—Florida's two Senators and all its Congressmen canceled a dinner in their honor by the Florida Chamber of Commerce, April 29 at the Mayflower Hotel to fly back home. Reason is that Senator Kefauver is going so strong in Florida that the entire delegation decided to go home to campaign against him.

British A-bomb—Prime Minister Churchill is planning a flight to Australia this summer to witness Britain's first atomic-bomb test. Churchill's advisers intimate he's too old to make the trip, but he seems determined to be there in order to make a dramatic announcement of the results.

Recalcitrant Churchill—Britain's ambassador to Egypt, Sir Ralph Stevenson, threatened to resign last week unless Prime Minister Churchill softened his government's tough policy toward Egypt. The ambassador went to London to complain that his cables are being ignored and that new

Alias Basil Willing

THE STORY: Dr. Basil Willing has trained as an inspector in a party at the home of another psychiatrist, Dr. Zimmer. When Basil talks to the little man who has been using his name, the latter asks for a chance to explain. Basil does not reveal his identity to the host, but accompanies the impostor to a cafe. But before the man can explain he dies talking about a place where "an bird name."

DR. ZIMMER came into the room. A dark silk dressing gown, its belt tightly cinched at the waist, set off his broad shoulders and long flanks. Basil spoke first.

"This is Inspector Foyle, Dr. Zimmer. I am Basil Willing." Zimmer smiled with sudden amusement. "Just how many Dr. Willings are there?"

"This is the real Dr. Willing," Foyle showed his badge to Zimmer. "The other Willing was the impostor."

"And you were the one I picked as a faker?" Zimmer's smile faded. "It must be a serious matter if the police are taking it up."

"It is serious," said Foyle. "Murder." Zimmer himself took the wing chair beside the hearth now cold and bare. "It's hard to believe that little man capable of murder."

"He wasn't the murderer," said Basil. "He was the victim. And he died half an hour after he left your house. I was with him. He showed the usual symptoms of alkaloid poisoning. False gaiety and physical relaxation, followed by drowsiness and mental confusion."

"Morphine?" "Or its methyl compound, codeine." "You're a doctor of medicine?" put in Foyle.

"Yes, Like Dr. Willing, I specialize in psychiatry," Zimmer turned back to Basil. "I'm sure you will agree that in some cases morphine produces lethargy and coma, while in others it causes delirium and convulsions. You

can't even rely on the time element." "Most murderers are not medical men," responded Basil. "And in either case—morphine or codeine—one thing is fairly certain: the first symptoms of a fatal dose appear in 20 to 40 minutes."

"THIS TIME Zimmer's smile was rueful. "You are thinking of the cocktails he drank here." Zimmer turned to Foyle. "As Dr. Willing will tell you, all the cocktails came out of one silver pitcher. So, if he were poisoned here, it must have been after his own glass was filled."

"Each glass was a different color," Basil explained to Foyle. "So once he had taken his glass, it could always be identified as his." "He was standing alone when Otto served him his first cocktail," said Zimmer. "The only people near him while he was drinking the second were Mrs. Yorke and . . ."

"Myself?" Basil smiled. "It doesn't have to be Mrs. Yorke or me. He left his cocktail on a table for several minutes while he was talking to us and then finished it. Anyone might have passed that table except Miss Shaw and you. I was watching you both at the time."

"Are you sure he wasn't poisoned before he came here?" suggested Zimmer. Basil shook his head. "The first symptom appeared as he and I left the house and walked toward the avenue—a rather foolish euphoria. He had been here at least 30 minutes. He was poisoned here."

"But that's quite impossible!" protested Zimmer earnestly. "None of my guests is capable of such a thing. Perhaps he mistook some sleeping pills he had for vitamin capsules or some other medicine he was in the habit of taking before dinner. Who would want to kill a man like that, anyway?"

"A man like what?" demanded

Foyle. "That's the other reason we're here: we have no idea who or what he was."

"I was speaking in general terms. I meant a man who seemed so timid and inoffensive. I never had seen him before tonight."

"How did you happen to invite him to dinner?"

"He came as a guest of another guest, Miss Katherine Shaw," Zimmer said.

Basil's attention kindled. "The elderly lady who is lame and blind?"

"Yes. She spoke to you, didn't she?" Zimmer grew thoughtful. "She was sitting here by the fire when you first came in. She must have heard me say I identified you by a process of elimination. Did she mistake you for the man she had invited as Willing?"

"I remember," said Zimmer. "She was so surprised she dropped her stick and I picked it up. She asked me who you were then. I didn't want to worry her by telling her there was a gate-crasher in the room so I told her you were a friend of my sister's."

"Did she know that I and the other Willing left the house before dinner?"

"She discovered it. At table she asked me where Dr. Willing was sitting. I told her he had been called to his hospital. Then she asked me what had become of my sister's friend. I told her that he was not at dinner—that he had just dropped in for a cocktail. She spoke as if she honestly believed the impostor was Dr. Willing—or am I imagining that?"

"But why would an impostor wish to pass himself off as Basil Willing to anyone like Miss Shaw?" Foyle was thinking aloud.

Zimmer sighed. "I suppose you will have to question her, but—please spare her as much as you can. She's 86 years old, clinging to life by sheer force of will."

Margaret Wants New Rumors, Dates Old One

WASHINGTON (AP) — Margaret Truman would like reporters to "dream up" some new candidates for her romantic interest.

Here for her first visit home since February, the President's daughter told reporters at a White House reception yesterday "there is not a bit of truth" to the latest rumors.

"I wish you would think up some new rumors," she said. "I'm getting tired of the old ones."

Nevertheless a couple of hours later she went to the night ball game with one of those "old rumors"—Marvin Coles, Washington attorney.

Pioneer Newspaper Called Back Again

VIRGINIA CITY, Nev. (AP)—The Territorial Enterprise, celebrated pioneer newspaper on which Mark Twain once was a reporter, came to life again yesterday after an absence of 35 years.

Author Lucius Beebe, former night life reporter for the New York Herald Tribune and his partner Charles Clegg revived the bombastic old newspaper by purchasing the weekly Virginia City News.

Marines Get Roughest 'A' Bomb Beating

CAMP DESERT ROCK, Nev. (P) —More than 2,000 marines have taken the roughest buffeting ever dished out to troops by an atomic bomb, but the majority seem sold on the weapon as a friend in the field.

The fiery low-level burst on Yucca Flat yesterday decimated much of their equipment within 900 yards of ground zero, but the two picked combat battalions came charging out of their foxholes on signal from their maneuver commander, Brig. Gen. Joseph C. Burger of Camp Pendleton, Calif.

While high ground radiation kept troops from moving to ground zero, Gen. Burger said that "in a battle-field situation we would have had no fear of going through."

The advance was halted within 500 yards of the target, which was surrounded by burning planes, trucks and smashed machineguns —showing graphically what would have happened to the enemy.

One M7 tank was blown 80 feet and flipped on its back, Gen. Burger said.

But he pointed out to his men that dummies placed in close-up foxholes received very slight damage, whereas dummies placed up-right above ground farther back were completely destroyed.

Sgt. Edward L. Speck, 34, Tuckerton, N. J., said he saw stand-up dummies blown 150 yards and burned to a crisp a half mile from the target.

Speck, a Korea veteran in charge of a machinegun company from Camp Lejeune, N. C., said some of the guns were still useable, but "200 yards from ground zero they were smashed to bits."

He added: "I think it would be a good idea to try a few of these bombs in Korea."

Gen. Burger said only: "It is an outstanding weapon, but it still has not taken the place of the rifleman."

What did other men from Camp Pendleton, Camp Lejeune and allied Marine Corps units think?

Sgt. Eugene Berensford, 25, of Bell, Calif., minced no words. "It scared the hell out of me," he said. "I wished I was back in Korea."

Cpl. Robert H. Brown, 21, Garden City, N. Y., said the ground in his 4½-foot foxhole "felt like a sponge" when the shock hit. Cpl. Arnold Schroeder, 20, St. Louis, Mo., said "I got up two seconds after the flash, then got knocked back in my foxhole by the blast."

The heat of the 10-second fireball impressed others. "Like sticking your face in an oven," declared Cpl. Frank W. Halley, 21, Hollywood, Calif.

The Leathernecks were breaking camp today preparatory to returning to their home bases.

Lloyds Pay-off Because Of Case of Measles

LONDON (P)—Lloyds of London paid off yesterday on an outbreak of measles.

An insurance settlement was made to the owners of the Gold Hill Hotel, in Malvern, an area with some 20 big boarding schools full of growing boys.

The hotel caters mainly to visiting parents, but all such visits are banned by school authorities every time a student erupts in red spots. The hotel had been insured against such loss of business.

The World Today— These Union Labor Laws

By JAMES MARLOW
WASHINGTON (P)—Through most of American history the courts could issue injunctions against unions, forbidding strikes. Organized labor fought this as an infringement on workers' rights and a one-sided deal for employers.

In 1932 Congress passed the Norris-LaGuardia Act, banning court injunctions against strikes. But employers still didn't have to bargain with a union. President Roosevelt's administration changed that in 1935 with the Wagner Act, which compelled employers to bargain. But the Wagner Act didn't say unions had to bargain in good faith and employers now did the complaining. They said the act was loaded for labor unions. The situation remained unchanged until 1947 when the Republicans got control of Congress. They passed the Taft-Hartley Act, with the help of a lot of Democrats. This, among other things, now compelled unions to bargain in good faith.

The pendulum had swung the other way again. Union leaders denounced T-H. So did President

New White House Reception Starts New 'Dance' Step

WASHINGTON (P)—Folks are talking today about a new party step introduced at the White House and already dubbed "The East Room Walk."

White House ushers and aides, helped by the U. S. Marine Band, about 1,500 guests at the diplomatic reception doing it yesterday while they waited to shake hands with the President and Mrs. Truman.

The ushers thought it up to relieve what seems like ages of waiting in a reception line at big state functions, now being resumed since the executive mansion has been renovated.

The East Room Walk can be done to a waltz or a march, or whatever the Marine Band feels like playing.

It was born almost of necessity. During the three years the White House was closed for repairs, reception guest lists expanded. Now the line toward the President and Mrs. Truman, shaking hands at about 20 per minute, moves at snail's pace.

In the East Room, the major bottleneck, ushers decided to keep everybody moving by lining them, two abreast, up and down the big ballroom. Apparently without realizing it, they shuffle in step with the music.

And that," said an usher, "is the East Room Walk."

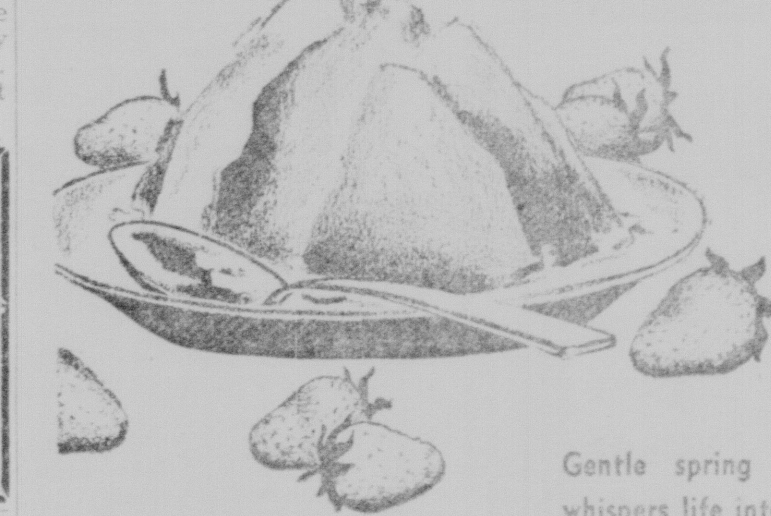

To treat a minor bruise, which has been caused by a fall or a blow, apply cloths wrung out in cold water or ice packs to relieve the pain and swelling.

Reds Refuse UN Package Truce Plan

MUNSAN, Korea, (P)—Communist negotiators today refused to agree to a United Nations Command package proposal for settling the Korean armistice deadlock.

The Red reply was given in a secret full dress session of armistice delegations.

The chief negotiators scheduled another meeting for tomorrow at 11 a. m. (9 p. m. Friday EST). This gave rise to speculation the Communists may have offered a compromise plan.

But Vice Adm. C. Turner Joy, chief United Nations delegate, and Brig. Gen. William P. Nuckols, UNC spokesman, refused to say what happened in the 78-minute session at Panmunjom.

"I regret I have no comment to make," Joy said.

Nuckols told newsmen it was obvious that no agreement was reached.

Chief problems blocking an armistice are how to exchange prisoners of war, Russian participation in truce supervision, and rehabilitation of military airfields during a truce.

Nuckols said North Korean Gen. Nam Il, the Reds' no. 1 negotiator, did most of the talking. It was the first meeting of the main armistice delegations since they recessed Monday to permit the Communists time to study the Allied plan.

Asked if the discussion was on the basis of the Allied "overall solution" Nuckols replied "that is the only topic for discussion." Later, however, he called newsmen together to correct what he called an "erroneous impression" that no other topic was discussed.

Asked if the Reds had submitted a counterproposal, Nuckols said: "I cannot answer that, obviously."

Two Airmen Facing Court Martial Get Honorable Discharges

SAN ANTONIO, Tex. (P)—Two Air Force officers facing court martial for refusal to fly have been recommended for honorable discharge by Randolph Air Force Base officials.

Lt. Bill Adams, public information officer at Randolph, yesterday identified the two officers as 1st Lt. James G. Bristol, pilot, and 1st Lt. Edwin L. Cox, bombardier.

Four other officers still face the court martial charges. Two of them have been transferred from Randolph on "temporary duty," a third has been granted an "indefinite" emergency furlough, and a fourth has been placed on a non-flying status.

A Biggs AFB officer, Lt. Vernon Goodwin, recently was given two years at hard labor on similar charges.

Eisenhower Wins 2 More Delegates In Sixth District

The Republican Sixth District convention held in Sedalia Thursday afternoon was dominated by Gen. Dwight Eisenhower supporters. Victory was theirs as both delegates and alternates to the National Convention at Chicago, July 7, publicly announced themselves as followers of the general.

Missouri Puts Ike In Lead On Delegates

ST. LOUIS, May 1—(P)—Gen. Dwight D. Eisenhower pushed ahead of Sen. Robert Taft today in delegate strength at the Republican nominating convention next July.

Republicans from St. Louis and St. Louis County put Eisenhower in the lead by instructing six delegates to vote for him in Chicago. Then at the Sixth District Republican convention in Sedalia two more outspoken Eisenhower supporters were elected delegates.

On the basis of an Associated Press tabulation, this gave the five star general 278 pledged or favorable delegates. Against 274 for Taft.

The Ohio Senator, however, claims the support of more than 300 delegates.

Eisenhower picked up two votes in each of Missouri's 11th, 12th and 13th Congressional districts in the metropolitan St. Louis area.

604 Votes Needed
Presidential nomination requires 604 votes. A total of 722 delegates have been picked and of that number 172 are either favorable to other candidates, undecided, uncommitted or have not revealed their preference.

Missouri will name 26 delegates in all in district meetings that will continue until May 15. Conventions in the second district at Booneville and the third at Mayville are set for next Tuesday.

Jackson County's (Kansas City) 4th and 5th district conventions will be held May 10.

Eisenhower leaders believe the general will wind up with 21 of 22 of the 26 delegates. The General got one sure and one almost-sure delegate out of the first Missouri district convention at Salem last Thursday.

Taft Tour Failed
Taft made a one-day whirlwind tour of the southeastern tier of Missouri only last Saturday and delivered a major address at the state capital in Jefferson City.

Pro-Eisenhower forces were in complete command of the three district conventions in the St. Louis area today and no attempts were made to nominate or elect delegates favoring Taft or other presidential candidates.

Only one protest was made at the 11th district meeting against instructing its two delegates for Eisenhower. The objection was shouted down. A mild protest was made in the 13th district against instructing delegates for Eisenhower.

One Vote Denied
The Credentials Committee denied one vote of the Green County delegation, that of Frank T. Leaming, a former Sedalian, who held a proxy. It was explained the proxy was that of a member of the delegation who was present.

The election of the delegates followed with Sam Hackney of Barton County nominating Arch Bay. Mayor Studer seconded it. Bay then declared himself as an Eisenhower supporter.

Everett Teal, Nevada, nominated Clyde Seaton, Vernon County Chairman. Fred Shaw, Bates County seconded it. Seaton also declared himself as an Eisenhower supporter.

A. G. Taubert, Warrensburg, nominated Wyatt Peck, Clinton, and this drew a second from Mrs. Carl Crome, Clinton. Peck said he would cast his first vote for Taft and for Eisenhower on the second.

Bay received 66 votes, Seaton 110 and Peck 55, resulting in the election of the two leaders.

Robinet nominated Mrs. Crome of Clinton as an alternate; Mrs. Myrtle Eavey of Harrisonville was nominated by Ray Shubert of Harrisonville; and Mrs. Don Reamer, Eldorado Springs, nominated by Reed Grainger of Stockton.

Mrs. Crome said she was a supporter of Taft, while Mrs. Eavey declared herself as an Eisenhower follower. Mr. Reamer spoke for his wife who was unable to be present.

On roll-call, Mrs. Eavey got 86, Mrs. Reamer 73 and Mrs. Crome 48.

Tokyo A Hot Spot

May Day Observances Cause Violence Around The World

By The Associated Press

May Day riots and disorders, bristling military parades and East-West word battles broke out all over the map yesterday (Thursday) There was more violence and more words spilled than in years.

Japan, turned loose on her own from the occupation yoke only this week, had her worst riot since the war when 20,000 Communist-led anti-American marchers fought police with clubs and stones in the field in front of the Imperial Palace. Hundreds were injured, including some Americans, and one person was reported killed.

There were cracked heads in split Berlin, clashes in Tunisia and Algeria where several were injured, brawls in Israel, and cordons of alert police on hand in nearly every big city of Western Europe.

The Soviet Union and her Communist antagonist, Yugoslavia, led the field in displays on military preparedness.

51 Japanese Police Hurt
Tokyo's Communists, swinging clubs, charged 1,000 steel-helmeted police, knocked 218 of them to the ground and seriously injured 51. The Communists carried away their own moaning and bleeding comrades.

Twelve American automobiles were overturned and burned, two U. S. sailors were tossed into the sea, the wife of a Navy man was roughed up and several other Americans were shoved and hit.

At Kyoto, the former Japanese capital, Koreans stormed city offices and 17 were arrested. Both in Tokyo and Kyoto, police used tear gas against the rioters, and Tokyo they used clubs and guns fired into the air.

Some three million Japanese attended big rallies in other cities on May 1, chosen by the Socialist International in 1889 as an international Labor Day. But elsewhere there was no disorder.

A million Germans turned out for rival rallies in Berlin, where East and West met in the roughest day-to-day contact in Europe. About 5,000 young rowdies from East Berlin thrust into the French sector and were rudely jolted by police nightsticks.

Seventy-three Communists were tossed into jail, and the injured comrades were paraded with their bleeding heads down East Berlin's Unter Den Linden to make capital of the incident.

Pleck Rants Soviet Theme
East German president Wilhelm Pieck keyed his May Day oration before 500,000 regimented listeners to the Soviet theme of German unity and the threat that if Western Germany re-arms for the West, then Eastern Germany will rear "for its own protection."

West German president Theodor Heuss told an equally large gathering in West Berlin that Germany wants unity—with "true liberty." West Berlin mayor Ernst Reuter warned Pieck that if he arms East

Germans he had better make sure they do not shoot him in the back.

Huge turnouts characterized May Day rallies in the Ruhr and many other big German cities, but Communist threats to stir up trouble fizzled.

Moscow's May Day celebration, always the biggest and most colorful, was tame but impressive. Seventy-two-year-old Prime Minister Stalin, pausing in the climb to the top of Lenin's tomb, beamed and waved to thunderous applause and then reviewed a majestic parade of troops, armor, peasants, workers, and an air show led by his son, Vassily.

Allies Await Enemy Reply To New Offer

WASHINGTON, May 1—(P)—President Truman said emphatically today he would not run if nominated for another term.

When asked at a news conference whether he would go a step further and say he would not serve if elected—a statement attributed to Gen. William T. Sherman in 1884 but disputed by some historians—the President asked how could he be elected if he refused the nomination.

Truman had some good words to say for Senator McMahon (D-Calif.), latest to announce for the Democratic presidential nomination, and again for Gov. Adlai E. Stevenson of Illinois, who has said he "could not accept" a presidential candidacy this summer.

Ike's Illness Denied
The President denied published reports that General Dwight D. Eisenhower, who is running neck and neck with Sen. Robert A. Taft for Republican presidential nomination delegates, is in ill health.

On the hot steel controversy, he said all he wants to do is to get steel produced, that he's going to take every action possible to that end. He said he has no ambition to be a dictator and of course he will abide by the Supreme Court's decision in the matter.

A reporter mentioned a rumor that William O'Dwyer, former mayor of New York City, had resigned as Ambassador to Mexico. Truman said that is not true.

Today's interview dealt in large part with the steel situation despite an opening admission from the President that he would not discuss it. But politics came up first and a newsman asked his opinion of Senator McMahon's New York announcement today that he's now a full fledged candidate for the Democratic presidential nomination, making five avowed candidates in all.

All Candidates Good
Truman said he thinks very highly of McMahon and believes he is qualified for the job of President. He then volunteered that it looks like the Democrats are going to get some good candidates in the field.

A reporter then wanted to know if the President himself would run if nominated. Truman replied firmly he would say no, and repeated the no when some newsman said they didn't hear his reply.

There have been intermittent reports that a "draft Truman" movement might get under way, the most recent early this week. The President's original take-out statement March 29 said: "I shall not accept a renomination. I do not feel that it is my duty to spend another four years in the White House."

Truck Kills A Man Outside Mexico, Mo.
MEXICO, Mo., May 1—(P)—Joseph James Eravi, 21, Moberly, Mo., was killed today when struck by a truck on Highway No. 22, about a mile from here.

The driver of the truck, Afton Hamilton, was not injured.

The Highway Patrol said Eravi was knocked from 35 to 40 feet off the highway. A coroner's inquest has declared the death an unavoidable accident.

No Survivor Evidence Found Near Stratocruiser Wreckage

RIO DE JANEIRO, Brazil, (P)—The burned, broken wreckage of a Pan American luxury Stratocruiser that vanished Tuesday was found in northern Brazil today with no evidence that any of the 50 persons aboard, including 19 Americans, lived through the crash.

A vast air hunt over 320,000 square miles of jungles, river basins and plateau land finally located the ruins of the 1 1/4 million dollar double-decked liner in the Indian country between the towns of Barreiras and Carolina—on course to the end.

Air line officials said the find was made by a C-46 Pan American cargo clipper, piloted by Capt. Jim Cowper of Miami, 287 miles southwest of Carolina, a Tocantins River town itself 1,100 miles north-northwest of Rio de Janeiro.

The Stratocruiser, lost on one of the line's El Presidente flights from Buenos Aires to New York, was reported to have broken in two and scattered its charred wreckage on both sides of a 300-foot high hill.

Pan American officials said a Panair Do Brasil constellation circled the scene of the crash. Its pilot reported extensive evidence of fire and said he saw two of the big plane's engines lying 1,600 feet apart in the hilly, heavily wooded area.

The Bae of the rescue operations was moved to the town of Guaracema, closer to the area.

U. S. Air Force Paramedics—doctors and medical attendants equipped with parachutes—were dispatched to the scene from the Port of Belem, 400 miles north of Carolina. They planned to drop as close as possible to the site of the crash, in a forested area where the Indians are regarded as semi-friendly.

Steel Pay May Rise; Oil Shortage Mounts

Order Clamps A Tight Lid As Pumps Dry

DENVER, May 1—(P)—Forced hoarding of petroleum supplies was ordered today in the face of spreading local gasoline shortages and a continuing deadlock in negotiations aimed at breaking a nationwide oil strike.

President Truman, asked at his news conference if he had any intention of seizing the oil industry, said the question had not been put to him. The President said he understood an agreement was near in the oil walkout.

Industry, rail and air transport, and natural gas supplies still were largely unaffected by the wage walkout. But filling station pumps were running dry in the Chicago-Gary area. Other dealers, such as those around Boston, were restricting gasoline to sales to regular customers.

An Aviation Trade Journal quoted an oil industry official, not named, as saying civil and military planes will be grounded within three days if the strike halts the output of gasoline. A National Petroleum Council official said he didn't think the situation that critical but an Air Transport official said the reports "checks fairly well."

Sugar Creek 'Hopeful'
Headquarters spokesmen here for the CIO Oil Workers International, largest of the 22 unions participating, had called negotiations between an Independent Union and Standard of Indiana at the Sugar Creek, Mo., refinery "the most hopeful" of the day.

But these talks broke down in mid-afternoon and workers struck immediately. Maynard Sands, Vice Chairman of local 11, Central States Petroleum, said that "there is a wall between us that no one could get over."

He declined to define the deadlock issue. There were reports the union dropped wage demands to a hike of 18 cents an hour while the company offered only 15 cents.

Hopeful Talks Continued
However, in San Francisco between the CIO and Shell Oil, California refinery and distribution workers are staying on the job to keep supplies moving to Korea.

Meanwhile, Standard Oil of California said its contract with CIO Oil Workers at the Richmond refinery had been extended for 30 days. Company officials said this would have the effect of averting a walkout by about 2,000 Richmond workers.

List Of Demands
Original union demands, first voiced last fall, were for a 25 cent increase in the average \$2 to \$2.10 hourly wage and a boost in shifts differentials. There now are 4 cents from 4 p. m. to midnight and 6 cents from midnight to 8 a. m. Sought are 6 cents and 12 cents.

President O. A. Knight of the CIO Oil Workers said an agreement last yesterday involving 3,000 non-striking AFL workers in Texas for Phillips Oil was "unacceptable" as a basis for settlement. It includes the highest shift differentials but calls for only a 15 cent an hour pay hike.

Tom Yount To Attend Musicians Union Meet

T. H. Yount, treasurer of Musicians Union Local 22, AFL, was elected delegate to the national convention to be held at Santa Barbara, Calif., June 8.

Yount has been treasurer of the local musicians union since 1913, serving 39 years in that office.

Seven Airmen Missing After Crash Of Bomber

TARPON SPRINGS, Fla., May 1—(P)—Seven airmen were rescued but seven are missing after a B-29 bomber crashed in the Gulf of Mexico during low level gunnery practice today.

Little hope was held for the missing. The survivors remained in the vicinity of the crash for an hour and a half on a life raft without spotting any of them. A search by planes and surface craft was unsuccessful.

The plane was from MacDill Air Force Base at Tampa. It went down about 30 miles north-northwest of here.

Czechs Allow US Ambassador To Visit AP's Writer Oatis

WASHINGTON, (P)—The State Department disclosed today that Czech authorities, after more than a year of refusals, have permitted the American ambassador to visit William N. Oatis, the Associated Press correspondent imprisoned in Prague.

Ellis O. Briggs, U. S. ambassador to Czechoslovakia, talked with Oatis yesterday at the Prague police headquarters and found him in good health, State Department officials reported.

They hastened to add that the interview could not be taken as a sign that Oatis is about to be released. Nor does it mean he is not going to be released, they said.

The 38 year old correspondent was seized by secret police April 23, 1951. All efforts by American embassy officials to see him since that time were unsuccessful until yesterday.

Last July 4, after a trial which the United States government denounced as "a ludicrous travesty of justice," Oatis was sentenced to ten years imprisonment for "spying out state secrets" and reporting "slanders and lies."

Charges Fabricated
At that time the State Department asserted the charges against Oatis were fabricated, his purported confession "forced" and that the trial was a demonstration that the Communist regime in Czechoslovakia "fears truth, hates liberty and knows no justice."

Murray Won't Make An Immediate Reply

PITTSBURGH, May 1—(P)—President Philip Murray of the CIO United Steelworkers said tonight he has no immediate answer to President Truman's request to call off the steel strike.

Murray, reached at his home a few minutes after President Truman said he had sent a telegram to the union chief, declared:

"I, of course, have not yet received the telegram. "I probably will get the telegram in my office tomorrow morning."

"I will have absolutely no comment until then."

Sawyer also called for new peace talks in the strike-crippled steel industry and asked Congress for legislation empowering the government to deal with "titanic" struggles between industry and labor.

Late in the day, President Truman told his news conference he has no ambition to be a dictator and will abide by any Supreme Court decision on his seizure of the multi-billion-dollar steel industry.

The President said he will take every possible action to get the steel strike settled, but gave no clue of what steps he might have in mind.

Production Must Flow
All he wants, he said, is to keep steel production flowing.

Earlier, in a day of multiple developments bearing on the great controversy, there had been speculation that Truman might issue a back-to-work call now that the steel mills are once more back under government control.

But the President was silent on that subject.

In a rapid-fire sequence of events:

1. Sawyer told a news conference immediately following a White House talk with President Truman that "the important thing" now is United Steel workers to get together and reach an agreement.

2. John A. Stephens, chief industry negotiator, declined to comment immediately on Sawyer's invitation for new company-union peace talks.

"We'll have to see where we stand," Stephens said.

Union leaders also declined comment.

3. Within 30 minutes after Sawyer promised not to take "abrupt" action in picking wages, the Court of Appeals refused to grant an industry plea for an order barring the government from raising wages while the government holds the seized mills.

Split Remains Constant
The court split on the issue with the same lineup which voted yesterday to put the steel mills back into government possession pending an appeal of the whole tangled case to the Supreme Court.

The five who voted against barring a wage increase were Judges E. Barrett Prentiss, Henry W. Edgerton, Charles Fahy, David L. Bazelon and George T. Washington.

Chief Judge Harold M. Stephens and Judges Bennett Champ Clark, Wilbur K. Miller and James M. Proctor dissented.

Judge Stephens said in reading the dissenting opinion that if the government continued to run the mills, as provided in last night's ruling by the nine-man court, then there should be a ban on raising wages or otherwise changing the terms of employment.

Industry lawyers pleaded that the steel companies would have "no remedy" and would be "helpless" if the government went ahead and raised wages pending the outcome of an appeal to the Supreme Court.

Grains Recover Wednesday Loss

CHICAGO, May 1—(P)—Grains came up with a brisk rally on the Board of Trade today. Wheat, corn and oats cancelled a good part of yesterday's loss. Soybeans gained far more today than they had lost yesterday.

The market set its trend early. Prices sped up on a buying flurry within the first hour. They held most of this early advance until the last hour, when another burst of demand sent prices to new highs for the day.

Wheat closed 1/2 to 1 1/2 cent higher, corn 1/2 to 1 1/2 cent higher, oats 1/2 to 1 1/2 cent higher, rye 2 to 3 cents higher, and soybeans 2 1/2 to 4 1/2 cent higher.

Most brokers thought the upturn stemmed from technical consideration. It did not get underway until some contracts had gone to new lows on the current decline. Much of the buying probably came from previous short sellers, brokers thought.

May thought sank to a new low since August at one time.

In the early dealings oats attracted the most demand. This was because of the lack of deliveries of cash oats on May contracts.

At the end it was soybeans which were doing the fastest climbing. Here, too, the absence of deliveries on the May contracts served as a major market prop.

Corn's action was a complete reversal of yesterday's, when this cereal was the weakest of all.

Miss Barbara Joanne Pratt Becomes Bride Of Harold Everett Mickens On Saturday, April 19

Burning cathedral candles in tall candelabra, large baskets of white snapdragons and palms formed the background for the marriage of Miss Barbara Joanne Pratt, daughter of Mr. and Mrs. Herbert G. Pratt, 734 Francisco, San Francisco, Calif., and Harold Everett Mickens, son of Mr. and Mrs. J. W. Mickens, 216 West Fifth, Sedalia, which took place at 8 o'clock in the evening Saturday, April 19, at the Church of the Good Shepherd, Arcadia, Calif. The wedding was solemnized by the Rev. Thatcher Jordon.

The bride, whose father gave her in marriage, wore a white gown designed with a lace redingote over white satin. The redingote was designed with fitted bodice buttoned to the waist with tiny satin buttons, standup collar, and long fitted sleeves. The full skirt lengthened into a short train in the back. Her illusion fingertip veil cascaded from a halo and she carried a bouquet of white roses and stephanotis, centered with a white orchid.

Mrs. William Channel as matron of honor wore pink net over tulle with lace bolero of matching shade, and she carried a case of pink a little deeper than her dress.

Miss Shirley Russell and Miss Joan Maurice, as bridesmaids, wore gowns of light blue styled like that of the matron of honor, and carried pale pink roses.

Four-year-old Cheryl Ames, flower girl, wore a dress of white and pink, and a young boy, Harold Dean Franklin, five, of Sedalia, nephew of the bridegroom, was ring bearer.

David Dahl served Mr. Mickens as best man and ushers were Fred Dahl and William Channell.

Following the wedding a reception was held at the church. A three-tiered wedding cake centered the bride's table and was served the guests.

The mother of the bride wore a floor length gown of cinnamon crepe with lace hat of matching shade and her corsage was of green orchids.

Mrs. R. G. Franklin, of Sedalia, sister of the bridegroom, and her mother's place in the reception line. She wore an aqua tissue tulle floor length dress with white lace hat and her corsage was of brown orchids.

The bride is a graduate of South Pasadena San Marino High School and of Stephens College, Columbia, in the class of 1951.

Mr. Mickens is a graduate of Smith-Cotton High School and attended the University of Missouri at Columbia.

The couple left on a wedding trip after which they will be at home at 1531 Francisco, San Francisco.

Miss Rovilla Johnson Weds Lewis Garrett Mundy Jr.

Miss Rovilla Johnson, daughter of Mr. and Mrs. William Bertrow Johnson, and Lewis Garrett Mundy Jr., son of Mr. and Mrs. Lewis Garrett Mundy Sr., were united in marriage at 2:30 o'clock Saturday afternoon, April 19, at the First Christian Church in Windsor, Mo.

The Rev. C. Ernest Grace performed the double ring ceremony with plain gold band wedding rings that Mr. and Mrs. George Mundy, the grandparents and grandmothers of the bridegroom, exchanged in their marriage ceremony.

The ceremony was held in a setting of woodviolet ferns, before an altar table holding an open Bible, a bouquet of snapdragons and pink carnations, and three burning tapers, amidst large bouquets of greenery, white, pink and yellow snapdragons, and white and blue candelabra holding white and blue burning tapers and garlands with huckleberry and satin bows.

Richard Spencer furnished the organ music, and Mrs. Cecil Cave sang "Always," "Because" and following the marriage vows, "The Lord's Prayer." Roger Johnston was the ring bearer.

The bride, who was given in marriage by her father, wore a gown of white organza, designed with a high neckline. The fitted bodice, buttoned to the waist with tiny covered buttons, had short puffed sleeves. The bouffant skirt was topped with a short gathered over-skirt of white eyelet embroidery organza, with a tight sash and a large bow. Her veil of bridal illusion fell from a half-scoop bonnet of eyelet trimmed organza, to below fingertip length. She carried her white Rainbow Bible, topped with sweetheart pink roses with showery.

Miss Arlene Botts, the maid of honor, was dressed in a gown of ballerina length navy organza, fashioned with a fitted bodice, short puffed sleeves, with a low scalloped neckline, full gathered skirt, and a wide sash and bow. Her navy organza picture hat was edged with a ruffle. She carried a bouquet of white roses. Miss Marilyn Goldsmith and Miss Margaret Doney, bridesmaids, wore gowns and hats of light blue organza, identical in style to the costume worn by Miss Botts. They carried bouquets of pink roses.

The flower girl, dressed in a costume identical to that of the maid of honor, was Joy Woolridge, cousin of the bride. She had a pink wrist corsage.

Dent Morris of St. Joseph, Mo., acted as best man for Mr. Mundy. The groomsmen were: Bill Beyer of Rolla, Mo., and John Beyer of Mt. Vernon, Ill., cousins of the bridegroom. The ushers were Gene Goddard and Carl Lee Gregory. All wore white carnation boutonnieres.

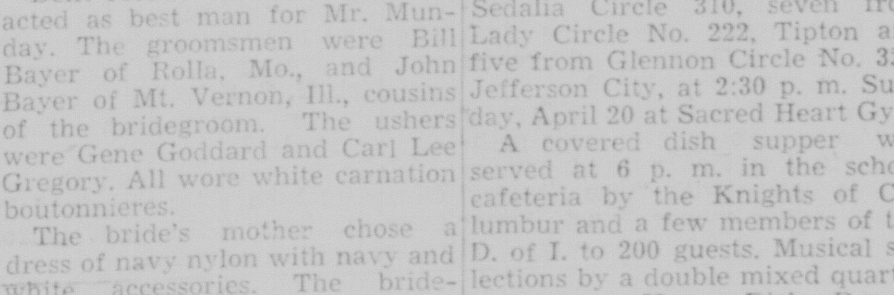

The bride's mother chose a dress of navy rayon with navy and white accessories. The bridegroom's mother was dressed in a navy suit with navy and white accessories. Both had corsages of red roses.

The candle lighters, dressed in white choir robes, were Jean Woolridge, Roger Johnston and Michael Spalding, cousins of the bride.

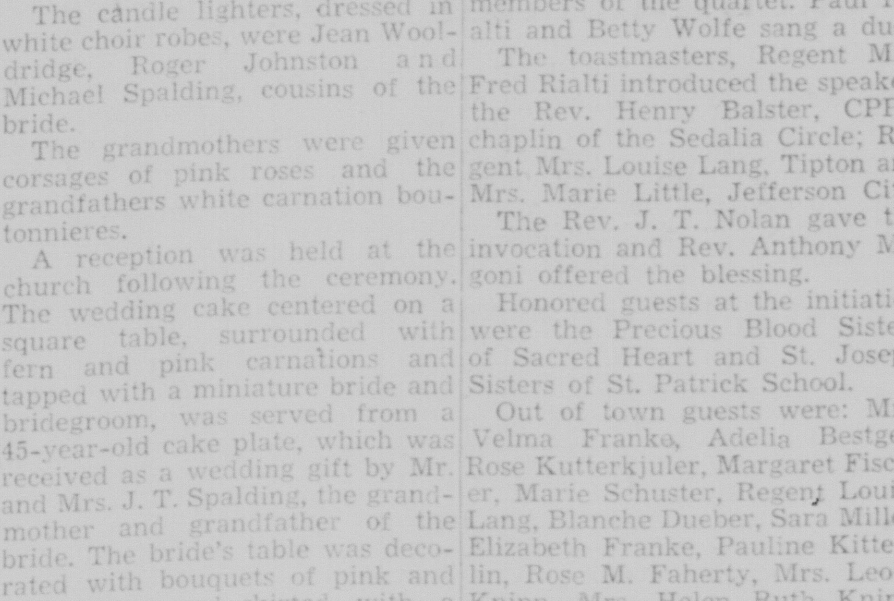

The grandmothers were given corsages of pink roses and the grandfathers white carnation boutonnieres.

A reception was held at the church following the ceremony. The wedding cake centered on a square table, surrounded with fern and pink carnations and topped with a miniature bride and bridegroom, was served from a 45-year-old cake plate, which was received as a wedding gift by Mr. and Mrs. J. T. Spalding, the grandmother and grandfather of the bride. The bride's table was decorated with bouquets of pink and white roses and skirted with a white organza flounce and garlanded with fern.

Miss Dorothy Lorene Gertz, 408 East Sixth, daughter of Mr. and Mrs. Ferdinand Gertz of Cole Camp, became the bride of James R. Askren, son of Mr. and Mrs. J. N. Askren, 1219 East Sixth, at a nuptial mass Wednesday morning at 8 o'clock at the St. Patrick's Catholic church. The double ring ceremony was read by the Rev. J. T. Nolan before an altar setting of white lilies.

Wedding music was played by Mrs. E. F. Paxton at the organ, who also accompanied Miss Alphonse Miles, soprano soloist. Miss Miles sang: "Mother Beloved" preceding the mass, and "Ave Verum" during the mass.

The bride's gown of white bridal satin was designed with fitted bodice, the deep lace yoke outlined with heavy satin cord, and skirt of unpressed pleats, which fell into a short train. On the proper book which she carried were white roses from which she showered white satin ribbon and pale pink rosebuds.

Miss Jeanette Askren, sister of the bridegroom, was the bride's only attendant. Miss Askren wore a gown of light blue tulle styled with flared skirt and fitted bodice waist with large bertha collar. She carried a nosegay of pink carnations tied with pink satin ribbon.

Cecil Shafer of Kansas City, served Mr. Askren as best man.

Ushers were Paul Shock, Elroy Borchert and David Connell, all of Sedalia.

Following the ceremony a wedding breakfast was served at the home of the bridegroom's parents.

The couple left for a wedding trip to Kansas City and are now at home at 512 East Fourth. For traveling the bride selected a navy blue suit with which she wore pink and navy accessories.

The bride is employed at the Southwestern Bell Telephone Company.

Mr. Askren was employed at McLaughlin's before entering service and for the past year has been overseas, returning home recently.

Hen Lays Egg Three Times Normal Size

Mrs. Richard Kirchner, residing on the Dr. R. E. Gouge farm one mile north of Sedalia on the Grand avenue-Georgetown road, Friday exhibited at the Democrat office a huge hen egg laid Thursday, April 17, that was almost as big as an ostrich egg, Mrs. Kirchner took the egg from a regular laying nest and when she found it she was astonished at its great size.

It was from one of her flock of New Hampshire Reds and weighed 6 1/2 pounds. It measured 9 1/4 inches around from end to end and 7 1/2 inches in circumference. The farm is operated jointly by Dr. Gouge and Mrs. Kirchner.

It would be ample for a large size omelet.

ANNUAL ARMORY INSPECTION of the Sedalia army was made Friday night by Lt. Col. Knott from Fifth Army Headquarters' inspector general office in Chicago. In the above picture the inspection of the local guardsmen is underway. Left to right are: Lt. William R. May, Capt. Howard W. Glavin, Lt. Col. Knott, Cpl. Howard L. Brown, Pfc. Albert L. Anderson III, Pvt. Robert R. Higgins. Other officers present for the occasion were: Lt. Col. James M. Blue, Sedalia, 35th Infantry Division adjutant general; Major Charles C. Gage, Mexico, executive officer for the 128th Field Artillery; and Capt. James N. Goreham, Mexico, unit instructor for the 128th FA. (Padgett photo).

All-School Orchestra Gives Splendid Concert Friday Nite

A musical highlight of the year in Sedalia—thrilling to both those who participated and to the audience—was the all-school orchestra concert presented before a crowd of more than 1,000 persons at the Smith-Cotton High School auditorium Friday night.

Including 230 youths representing all the white schools in the city, the orchestra played brilliantly under the baton of Miss Geraldine Tufel, director of music for the city schools.

An inspiration to the students who took part, because it allowed them to play in what for many will be the largest musical group they will ever be in, it was an event to thrill their hearts. They have been looking forward to the occasion for weeks and were ready to give a staller performance when the curtain was rung up for the evening.

Pleasing in every way, the concert showed the splendid training the youths have been receiving during the year in their own

120 Tons of Molten Glass Emptied From 'Melting Pot'

Work of tearing out the old melting furnace at the Sedalia plant of the Pittsburgh-Corning Corp., started this week and the accompanying pictures show the process in various stages.

As soon as the old furnace is gone, a new one will be built in the same place, but it will be of much larger capacity. The increase will boost the production of glass blocks.

Rebuilding will start tomorrow and it is expected that glass will be placed in the furnace about May 17. It will take nearly two weeks to bring the heat up in the furnace to the temperature necessary for the melting and refining process.

While the dismantling and rebuilding work goes on, employees of the plant are taking on new duties, continuing work without a stoppage. It is planned that the last two weeks of May, while the furnace is being heated, will be a vacation period for the employees.

By carrying on the work in this manner, all employees are being kept on the job and then given their vacations so there will be the least amount of lost time.

When the work was started, there was about 120 tons of molten glass in the furnace. It had to be drained out so a hole was drilled in the firebrick bottom of the furnace. As the glass ran out, in a stream that resembled a fluorescent tube, it went into a trough and was washed, with water from a fire hose, into waiting hoppers.

The water cooled the glass and made it solidify into tiny crystals. These were carried away in the hoppers and dumped in a large area. Later, when melting resumes, the crystals will again go into the furnace for reheating and melting.

It took 22 hours to drain the glass from the furnace and after it was empty, the heavy brick blocks had cooled, workmen started tearing out the furnace preparatory to the installation of a new one.

The new furnace will be built of specially prepared firebrick. These bricks, in large pieces, are made to fit together closely. Most of the pieces are large and several

Letter From Council

The following letter was received this week from council headquarters:

April 21, 1952
Mrs. Roger Fuller, President
Sedalia Girl Scouts
2404 South Monticau
Sedalia, Missouri
Dear Mrs. Fuller:

We have received the complete annual report for the Sedalia Girl Scout Council and appreciate the effort that has been made to review and evaluate the work of the council for 1951. We hope that the information has also been valuable as the members of your board and council plan for increasingly effective service in 1952.

This letter comes to review briefly the major accomplishments and needs of the council determined through a study of the annual report and correspondence. It is part of the rechartering procedure for Girl Scout councils.

It seemed that your own evaluation of your work, both by committees and by the total board, was realistic and objective. The committee reports showed evidence of good planning and work being done. We would like to mention the following accomplishments:

- 1) Emphasis on girl planning as seen by the planning boards and the junior camp committee. Perhaps this year you will want to include Intermediate Scouts on the junior camp committee as well as Senior Scouts.
- 2) Good increase in membership. However, you will perhaps want to check your registration records. The following are the Registration Bureau figures:
259 Brownies
102 Intermediates
31 Seniors

- 3) The increased emphasis on training and the council participation in regional training courses.
- 4) The high percentage of girls who had a troop camp experience.
- 5) The good work of the council committees as evidenced by their reports.

The following are suggestions for strengthening the council work:

- 1) More emphasis on registered

SAAF Starts New Season With Victory

The Sedalia Air Force baseball team had a workout Saturday against Knob Noster Rose Cafe team and won, 10-6. It was a practice schedule game to give both teams an opportunity to get the "feel" of baseball.

The SAAF has come up with a much better team than was anticipated a week ago, according to S/Sgt. Walter St. Onge, business manager. "The fellows looked great," he said, "and I believe we will be ready within a short time to take on the best."

Jay Ester started on the mound for the Base and pitched four innings. He was relieved by Lay-check who pitched through the 7th and White finished the game. Louie was the receiver for te Base.

Jay and Cochran were the batters for the Knob Noster team. Russell of the SAAF had a big day at the plate. The airman hit a triple, two doubles and a single.

The score:
Knob Noster 6-11-1
SAAF 10-6-2

The Airman have two game scheduled, a contest with Rose's Cafe on May 11, Versailles Merchants on May 12 and a game is being scheduled with the Jefferson City Red Birds.

S/Sgt. Onge is anxious for other teams to contact him for more games. He desires to have a full schedule for his team. He can be contacted through the Air Base. Managers can write the Sports Department of The Sedalia Democrat, and letters will be turned over the SAAF management.

Airman Schwenk Joins Fighter Wing In Korea

136th FIGHTER-BOMBER Wing in Korea — Airman Third Class William W. Schwenk, Sedalia, recently arrived in the Far East and has joined the 136th Fighter-Bomber Wing in Korea.

F-84 Thunderjets of the 136th Wing are hard at work blasting the Communists' rear-area rail and transportation facilities in the inter-dictation campaign, outlined by Fifth Air Force. In combat since May, 1951, the wing has knocked out 1,669 rail cars, 120 vital bridges and 36 locomotives. In addition the wing is credited with 82 enemy MIG-15 jet fighters destroyed or damaged in air-to-air combat. The wing is also credited with 4,125 rail cuts, 321 enemy supply trucks and 33 tunnels.

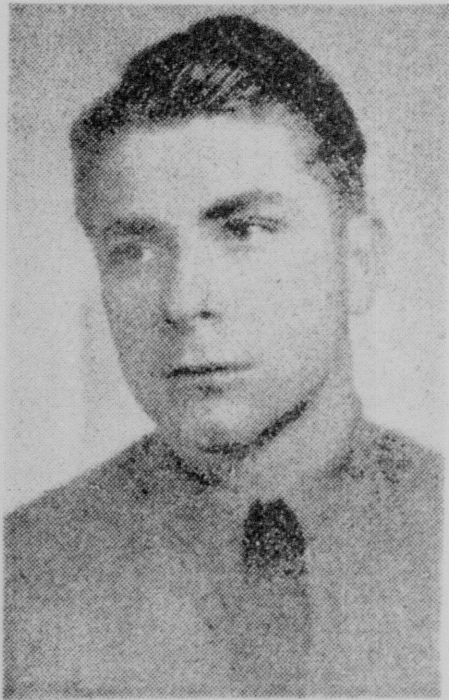

Airman Schwenk enlisted in the Air Force in March, 1951. After completing basic military training he attended the fundamentals of electricity school at Lowry AFB, Colorado. Upon graduation he was transferred to the Far East.

He is the son of Mr. and Mrs. W. F. Schwenk, 1517 Barrett, Sedalia.

Knob Noster Woman Shot By Farmer

Miss Dorothy Adams, about 25, was fatally wounded about 9 a. m. Thursday by her father, Everett E. Adams, 68, at the family home in Knob Noster. She died a short time later, just before the arrival of Sheriff Alex Nichols of Warrensburg.

Miss Adams was shot by her father, according to Prosecuting Attorney John Mittendorf of Warrensburg, who stated Adams had made a signed statement admitting the shooting. However, Prosecuting Attorney Mittendorf also said that he has several conflicting statements from Adams and from a nephew, Forrest McGraw, who was at the home at the time of the affair.

She died from a wound caused by a bullet shot from an old fashioned high-powered rifle. The bullet passed through her stomach, emerged from the back, struck a bronze baby shoe on a table, backed against the wall and knocked plastering off the wall.

Undertaker Calls Sheriff
Baker, undertaker at Knob Noster, was first called. When he found what had happened, he notified Sheriff Nichols, who went immediately to the scene. The woman died a few minutes before his arrival. The body was taken to the Baker Undertaking establishment in Knob Noster.

According to Sheriff Nichols, who also took statements, Adams, his daughter and a Mrs. Ada Hughes of Warrensburg were at the home when McGraw, who is employed in Kansas City, arrived early in the morning. Nichols reported McGraw said there was some drinking among the four and about 6 a. m. they went to Warrensburg and Mrs. Hughes went to her home there. The three then returned to the farm home and had a few more drinks, according to the officer's report.

McGraw resides on a farm adjoining that of his uncle. According to the officers, no reason was given for the shooting. Inquest Is Called
An inquest is to be conducted by Kelly Rawlins, coroner of Holden.

Adams is being held in the Johnson County Jail. No charges have been filed as yet, pending further investigation by Prosecuting Attorney Mittendorf and Sheriff Nichols.

McGraw is also detained in the county jail for further questioning regarding the incident. Adams, only last Tuesday, was in the Magistrate court at Warrensburg on a charge of careless and reckless driving as a result of an accident on highway 132, about seven-tenths of a mile south of highway 50. He was fined \$50 and costs.

Probe Air Force Training Program And Its Death Toll

WASHINGTON (AP)—A Senate subcommittee said today it has been investigating Air Force technician training programs for several months.

A spokesman for a Senate armed services subcommittee headed by Sen. Lyndon B. Johnson (D-Tex.) said the group has been looking into training methods and costs at Keesler Air Force Base, Miss.; Sheppard Air Force Base, Tex.; and Scott Air Force Base, Ill.

A recent roundup of military plane accidents in the United States and adjoining areas showed that 288 airmen had been killed within six months, and that more men were being killed in such accidents than in the air war in Korea.

Ernie Johnson Dies; Scouted Many Stars

MONROVIA, Calif. (AP)—Baseball scout Ernie Johnson, who was credited with sending to the big leagues such stars as Ted Williams, Dom Di Maggio, Johnny Pesky, Bobby Doerr and others of Boston Red Sox fame, died at Monrovia Sanitarium today.

Asks Court Martial For Rich Sailor Who Squabbled With Adm.

HONOLULU (AP)—Rear Adm. Francis C. Denebrink announced today he has recommended court martial for Bruce S. Hopping, millionaire seaman who publicly criticized the way he was fed and treated in the Navy.

Denebrink said Hopping "should be brought to trial by court martial" for "violation of navy regulations and conduct to the prejudice of good order and discipline." Denebrink is commander of Service Forces, Pacific.

Hopping recently figured prominently in an investigation of crew complaints against discipline aboard the salvage ship USS Reclaimer. He retained a civilian attorney to represent the crew.

The captain and executive officer of the Reclaimer were exonerated in a naval hearing of charges of "petty tyranny."

Hopping, a reservist with a three-million-dollar lumber business in New Jersey, is a seaman second class. He first tangled with the Navy when he charged publicly that the food at the Bainbridge, Md., Naval Training Center "wasn't fit to eat."

Nebraska U. Men Raid Girls' Dorms

LINCOLN, Neb. (AP)—Male students swarmed through doors and scaled walls in a raid on women's residences at the University of Nebraska last night.

Raiders carried off whatever lingerie they could find. A sorority housemother, Mrs. Mary Buckingham of Alpha Chi Omega, was slightly injured.

Police, who quelled the disturbance after two hours, said about 172 persons being reported.

Interpreting The News

By J. M. ROBERTS, JR.
Associated Press News Analyst

The position in which Russia now finds herself, without a voice in the affairs of her two great enemies, Japan and most of Germany, is evidence that not all of the initiative in the cold war has been on the side of the Communists.

Yet there is a definite pattern of Allied initiative beginning soon after the war. First it was Allied initiative which actually produced the seeming agreements which Russia broke to establish herself in world opinion as the aggressor. There is a fundamental importance in that which alone could be the subject of a long treatise.

The Allies took the initiative in trying to feed and readjust the world after the war. The United Nations, which was able a few years later to prevent Communist conquest of South Korea, is an Allied project. It took the initiative against Russian occupation of Iran.

One of the most revolutionary ideas of these times was the American decision, manifested through the Greek-Turkish aid program, to meet aggression wherever it develops. A resolution in the U. S. Senate led to Marshall aid and eventually to the North Atlantic treaty organization, and on toward the various steps of European military and economic unification which are now under way.

It was Russia who followed the Allies in setting up governments for East and West Germany. Russia reacted to Allied victories in Korea with an appeal for truce. Russia is reacting with great vigor against the incorporation of West Germany into the European defense community and the new partnership of Japan with the West.

Russia reacts defensively against the Allied trade blockade. Russia has not dared intervene in Iran during that country's virtual break with the Allied world, something she most assuredly would have done five or six years ago.

The world didn't realize then years ago this summer that Midway, Alamein and Stalingrad had decided World War II. It may be that Russia is now permanently on the defense. Certainly she no longer holds all the initiative.

'Mr. President' Author at M. U. Journalism Week

COLUMBIA, Mo.—William Hillman, the "Mr. President" author who has hit the best seller lists with his provocative "Mr. President" book, will be a Journalism Week speaker at the University of Missouri, Dean Earl F. English of the School of Journalism has announced.

Hillman will speak at a night session Wednesday, May 7 in the Education Building Auditorium. He is manager of the Washington bureau of Collier's magazine and a commentator for the Mutual Broadcasting System.

CARTHAGE, Mo. (AP)—Twenty-one delegates elected by Jasper County Republicans have expressed a preference for General Eisenhower for the party's presidential nomination.

Twenty-nine delegates were elected yesterday at the county convention here. Eight delegates are for Senator Taft.

Back to Army Duty

MEXICO CITY (AP)—About 20 Mexican Army officers, who got leave to enter politics and seek government party nominations to office, asked the Army to put them back on active duty today.

They lost in last Sunday's primary election.

12 More Korea Dead

WASHINGTON (AP)—The Defense Department today identified 29 additional battle casualties in Korea in a new list (No. 554) which reported 12 killed and 17 wounded.

Heads US C. of C.

WASHINGTON (AP)—Laurence F. Lee, president of the Peninsular Life Insurance Company, Jacksonville, Fla., today assumed the presidency of the U.S. Chamber of Commerce.

Inter-Nationality Housing Works HERFORD, Germany (AP)—Some time ago the British and Germans set up a housing committee with one prime goal: to select houses where British and German families could be accommodated jointly.

The plan has been in operation for three months and shows no kinks. There are 50 British-German houses in Herford. More will be designated as they are needed.

The first big test came when the British moved in a new armored division fresh from England with no chance to become acclimated. They were assigned to joint houses. No friction was reported.

Missouri River Sets Record For Flood-Length At St. Joe

ST. JOSEPH, Mo. (AP)—The Missouri River was still above flood stage here today, for the 24th consecutive day. John Alden, federal weather observer, said it undoubtedly was an all-time record.

Flood stage is 17 feet. The river was a little below the 19 foot mark with indications it will be three more days before it goes below flood stage. The high here last week was 27.2.

Tax Assessment Rise On St. Louis Property

ST. LOUIS, May 1 (AP)—Some 12,000 St. Louis property owners are getting bad news this week—the tax assessors are going up.

The office of City Assessor Joseph P. Sestric began mailing the notices about a week ago.

Sestric is out of town and the amount of the increased assessments or taxes was not available to newsmen.

The custom of taking scalps from victims in war was originally practiced by only a few tribes of American Indians but was spread to others by the practice of white governments which offered bounties for scalps.

2 Towns Ask State Funds After Flood

JEFFERSON CITY, May 1 (AP)—The mayors of two northwestern Missouri towns and spokesmen for three special road district asked Gov. Forrest Smith for a little over \$100,000 in emergency flood relief funds today.

The money would be used for streets and sidewalks in Craig and Fortescue and for roads and bridges in the road districts.

Dr. I. F. Dopp, mayor of Craig, said the loss in his Holt County river town was about \$50,000. "But we'll make out if we can get \$30,000 to \$40,000," he said in an open conference in the governor's office.

He said the temporary dike thrown up, saved at least a million dollars in damage to the town.

C. E. Hitz, mayor of Fortescue, said that community could get along with \$8,000 in federal funds.

Bigelow Needs \$20,000
B. F. Hinkle of the Bigelow Independent Road District said "close to \$20,000" would be needed there to put the roads back in usable shape.

Peter Blohm said South Union Special Road District would need \$8,000. Roy Hinkle figured Fortescue Special Road District would need \$24,660.

They presented their requests for funds to the governor and then reporters were called in. Smith said he wanted the people to know what the situation really was in view of the criticism yesterday from Lt. Gov. James T. Blair, Jr.

Blair had written Dr. Dopp that had he been governor he would have given the little town of Craig immediate help. He told newsmen he meant it as a criticism of the governor.

The visitors told the governor and the reporters they were surprised at the "bombshell" from Blair. They said they never failed to get immediate state help when they asked for it.

Dr. Dopp said later he didn't think he would try to see the lieutenant governor while he was here. He said Blair couldn't help the men get relief funds, but Smith could.

U. S. Must Approve Money
Hitz asked the governor how soon the funds would be available to them.

Smith said it would be up to the federal government to okay the requests for funds first. Then he would make the final authorization. It all would take from one to three weeks, he said.

The federal government so far has made \$245,000 in relief funds available for allotment to damaged Missouri towns, road and school districts, Smith said.

Generally, schools in the area have been shut down for the rest of the school year because the roads are so badly gutted the youngsters can't get to school.

The men said many of the residents are trying to move back to their homes, but there again they are having difficulty because of the roads.

Kem Asks Explanation On Public Works Skip

WASHINGTON (AP)—Sen. Ken (R-Mo.) asked Secretary of Defense Lovett today to explain why Missouri was left out of a new three billion dollar military public works program.

"I realize that military installations must be developed at locations where they can be utilized to the best advantage," he wrote Lovett.

"However, it seems passing strange that Missouri, which participated so effectively in the defense program during World War II, should be omitted entirely from your proposed construction program."

Lovett asked Congress today to authorize the new construction program.

Indians To Hold Dance At Wichita Saturday

WICHITA, Kan., (AP)—Indians representing more than 20 tribes will gather in Wichita Saturday for two days of war dances, sponsors said today.

The dances are ceremonial send-offs for two men of Indian blood, scheduled to depart for overseas duty in the Air Force.

Saturday's war dances will honor Arthur Fields, son of Mr. and Mrs. Arthur Fields of Pawnee, Okla.

Those Sunday are to honor Lucian George Rice, son of Mr. and Mrs. Lucian Rice, Prague, Okla.

Sponsors are C. G. Shunatona, Pawnee-Otoe; Rufus Blue Squirrel, Shawnee; and Hayes Griffin, Quapaw—all of Wichita.

Tito Says New Mass Destruction Weapons Delay War III Threat

BELGRADE, Yugoslavia (AP)—Premier Marshal Tito says the development of new mass-destruction weapons has eased "a little" the danger of a third world war.

However, "we still must remain alert," he cautioned a delegation of Army reserve officers last night.

He pledged Yugoslavia's defensive strength in any fight against aggression but said his country would steer away from regional defense pacts because World War II experience had shown such agreements were "only pieces of paper."

Unofficial Returns Show Big Ike Margin

BOSTON (AP)—Complete unofficial returns from Tuesday's Massachusetts primary election, except for one missing precinct in Taunton, were tabulated today. They gave:

Republican — Eisenhower 254,723; McArthur 2,306; Stassen 1,274; Taft 110,334; Warren 1,585.

Skelly Oil Refinery Strike In Kansas

EL DORADO, Kan. (AP)—The strike-hit Skelly Oil Company refinery here came to a complete standstill today and none of its products was being shipped out.

Shutdown of the catalytic cracking unit was accomplished this morning. Pickets have been posted at the refinery, where about 400 men are on strike.

Sen. McMahon Announces Candidacy

NEW YORK (AP)—Sen. Brian McMahon of Connecticut today announced his candidacy for the Democratic presidential nomination.

McMahon told a news conference he intended to undertake no widespread personal campaign.

He is chairman of the Senate Atomic Energy Committee.

He entered the wide open Democratic race after being informed officially here that the Connecticut Democratic State Central Committee had endorsed him for the nomination.

McMahon said that in the foreign field he was devoted to a policy of collective security and development of the Point Four program to aid underdeveloped areas.

He said that domestically he was of the school that believes that the Roosevelt and Truman administrations had done "an extraordinarily good job" for the people as a whole in raising standards of living, increasing production and extending free enterprise.

Civilian May Fight To Get Back Into Army Until September

FT. SILL, Okla. (AP)—Tom Brett is a civilian today, but he may fight his way through the courts in an effort to retain his military status until September—even if he gets sent back to Korea.

Brett is one of the few dissatisfied customers released from active duty by the reception center at Ft. Sill.

He was returned with the first group of 45th Division soldiers rotated home from the Korean battlefield.

The division was federalized for two years in September, 1950. Brett said he planned his civilian business for an absence of two years, and stands to lose about \$3,000 in Army pay if he is discharged before then.

But Army authorities, faced with a court suit, stuck to their guns and handed Maj. Brett his discharge yesterday. He accepted it under protest after a brief conference with his attorney.

US Bans Travel In 5 Red Nations

WASHINGTON (AP)—The State Department today banned American travel in five Iron Curtain countries without specific permission.

In three other countries, no travel at all will be permitted.

A department announcement called attention to "the dangers of traveling in countries where acceptable standards of protection do not prevail."

Travel was banned altogether in China, Hungary and Czechoslovakia in continuation of previous department rulings.

The five countries added to the restricted travel list are Russia, Poland, Romania, Albania and Bulgaria. The department said it will allow trips to those countries only for "legitimate reasons."

Officials said the new restrictions had been under consideration for a long time.

Authorities said privately there are two basic reasons for the restrictions:

1. To prevent "sneak visits."

2. To protect venturesome Americans who might not realize the risk of visits to Iron Curtain countries.

World's Best Allies Are Russian Reds

Are Russian People

NEW YORK (AP)—Adm. Alan G. Kirk says that the free world's best potential allies in the struggle against Soviet communism are the masses of the Russian people themselves.

The former U.S. ambassador to Russia, speaking last night at a Tolstoy Foundation dinner, described these masses as "communism's first and oldest victims."

"Today we know enough about the silent conflict that rages between the Kremlin and the people and their subjects to realize that Stalin cannot simply thrust the Soviet Army and people into battle," Kirk declared.

"To order Russia into war he (Stalin) must not only be confident that he has the necessary weapons and resources; he must also be confident that the officers and soldiers of the Soviet Army will obey his command and hurl themselves against us, not against them."
